JOB OUTLOOK

Job opportunities for teachers over the next 10 years will vary from good to excellent, depending on the locality, grade level, and subject taught. Most job openings will be attributable to the expected retirement of a large number of teachers. In addition, relatively high rates of turnover will lead to numerous job openings for teachers. Competition for qualified teachers among some localities will likely continue, with schools luring teachers from other States and districts with bonuses and higher pay. Employment in this occupation is expected to grow 3 percent and have about 50 openings annually in Utah.

JOB DESCRIPTION

- Train students to work in a wide variety of fields, such as healthcare, business, auto repair, communications, and technology
- Design curriculum to meet the demands of business and needs of students
- Use the latest technology in teaching, including computers, telecommunication systems, and video discs to expose students to a vast range of experiences and promote interactive learning.
- May perform some clerical duties, such as recording grades
- Design activities to help students develop problem-solving skills

VOCATIONAL EDUCATION TEACHERS
