

Enter the parking structure from either State Street, going south, or Exchange Place which is approximately 350 South. If you are traveling south on State Street, enter almost immediately after the bus stop shelter—the garage is attached to the office building. If you enter from Exchange Place, enter where you see the parking attendant booth. See Map.

There is some reserved visitor parking on Level 1.

Park on any level, but you must enter the building on the ground level. There are doors into the building from the parking structure or you can go out to State Street and walk north to the doors just opposite the bus stop shelter.

If you enter directly from the parking garage, the first elevator you see will not get you into our offices. You need to go through two sets of doors (airlock entry), and follow hallways until you get almost to the State Street doors. Just before the glass doors, turn left and take one of the three elevators to the fifth floor.

If you enter through the glass doors from the sidewalk on State Street, turn right and take the elevators to the fifth floor.

All visitors must sign in with the receptionist on the fifth floor.
