

The chart below is a list of schools that qualify for P-EBT as of the date indicated. Each school has reported the number of days there was a school closure due to COVID-19. This report captures the months of September 2021 through April 2022. The chart will be updated throughout the school year as information is collected. Benefits will be issued later for May 2022. Students enrolled in these schools, whom are eligible free or reduced-price meals, will be issued a benefit for the number of days indicated each month. Benefits will be calculated by multiplying the number of days reported for each month times the daily P-EBT rate of \$7.10.

*Community Eligibility Provision (CEP)-Students are reported using a USDA formula from information obtained during the base year (1st year of implementation). Free and reduced meal applications are not collected to determine individual eligibility determinations in a non-base year. A free and paid percentage is applied to total enrollment. Every student receives free meals.

**Provision 2-One of three alternate provisions to make annual student eligibility determinations for free or reduced price meals. A percentage of free, reduced-price, and paid eligible students are determined during the base year (1st year of implementation). During the non-base years a free, reduced-price, and paid eligible percentage is applied to total enrollment. Every student receives free meals.

This chart captures information submitted by districts and schools as of May 5, 2022.
