Background

The School Readiness Initiative Act establishes the Utah School Readiness Board (the Board) and the Becoming High-Quality Grant. The Becoming High-Quality Grant is defined by the Utah School Readiness Initiative, [Utah Code §35A-15-301](#). The purpose of the Utah School Readiness Initiative is to increase school readiness, improve academic performance, and increase the quality of preschool programs.

The Becoming High-Quality Grant provides resources to existing early education programs administered by Local Education Agencies (LEAs), charter schools, private child care providers and home-based educational technology programs to develop high-quality environments that support a child's development of cognitive, physical, language, social and emotional skills. High-quality preschool programs have been shown to be effective in preparing young children for kindergarten. This grant program

aims to increase high-quality early education capacity in the state and collect student outcome data.

Description of Grant

The Becoming High-Quality Grant Program supports eligible providers of early education programs to develop the structures and processes to implement the elements of a high-quality early childhood education program ([Utah Code §35A-15-202](#)), for more information see Definitions. The grants are available to programs serving eligible students, which are children aged 3, 4, or 5-years-old who are not eligible for kindergarten [§53G-4-402\(6\)](#) for the upcoming program year and who are: 1) economically disadvantaged with at least one risk factor; or 2) English learners. It is encouraged that programs serve students with disabilities in an inclusive environment (i.e., with both typically developing students and students with disabilities being educated together in the same room). For an in-depth explanation of grant responsibilities and expected outcomes, see *Attachment B, Performance Requirements*.

Below are explanations of major components of the Becoming High-Quality Grant.

School Readiness Assessments

The Utah State Board of Education (USBE), in consultation and collaboration with the Utah School Readiness Board (the Board) and DWS, will conduct an evaluation to determine the correlation between high-quality programming and student outcomes. The Board has established the indicators of the school readiness assessment and kindergarten assessment, the Preschool Entry and Exit Profile (PEEP). The PEEP assessment will be used for students who are 4-years-old before September 2, 2023, to assess students' academic outcomes. USBE will report findings to the Board. USBE will provide training for providers to administer the assessment during the grant year with fidelity at no cost to the program.

Pre, Mid and Post- Assessments

Early childhood pre, mid and post-assessments are used to gather and provide educators, parents, and families with critical information about a child's development and growth in specific skill areas. Pre, mid and post-assessments should align with the Utah Early Learning Standards: Ages 3-5.

These assessments are used to individualize and differentiate teacher instruction and lesson plans. Assessments will also be used in ongoing professional development and one-on-one meetings with director/coach and teacher to discuss student needs. Assessments will be used to inform parents on their child's growth, so that the parents can also support their academic, social, and emotional needs within the home environment. Finally, aggregated assessment results and a written analysis of the data will be submitted in quarterly reports.

Internal Coaching

Each grantee is required to work with a coach to set goals and demonstrate program and teacher progress toward achieving high-quality status. The role of the coach is to provide a supportive and encouraging environment in which the learner and coach can

jointly reflect on current practices, apply new skills and competencies with feedback, and problem-solve challenging situations. The coach's ultimate goal for the learner is sustained performance in which the learner has the competence and confidence to engage in self-reflection, self-correction, and generalization of new skills and strategies to other situations as appropriate.

The coaching process includes initiation, observation, action, reflection, and evaluation. Use of coaching as a strategy to mediate another person's ability to generate ideas, refine existing skills, and develop new abilities provides a different way of thinking about the role of teachers and early childhood providers in preschool settings. The internal coach will collect ongoing data on these processes and report on teacher growth via a monthly coaching log.

Professional Development

Professional development in early childhood advances the knowledge, skills, dispositions, and practices of early childhood providers in their efforts to educate children and support families. It promotes a culture for ongoing professional growth in individuals and systems that ensures the responsibility for delivering effective services and facilitating ongoing growth and development among practitioners is transferred from a formal trainer (coach, consultant, group facilitator) to individuals and groups of professionals within early childhood settings.

The assigned program specialist will monitor the quality and frequency of professional development through quarterly reports, monthly meetings, and a mid-year portfolio meeting. Providers will need to identify gaps and goals in order to establish increased utilization of skills and techniques learned during professional development.

Family Engagement

Successful early childhood education depends on relationships and collaborations with children's families and communities. It is critical to establish positive partnerships with children's families and to include families in the preschool setting.

The assigned program specialist shall monitor the quality and frequency of family engagements through quarterly reports, monthly meetings, and a mid-year portfolio meeting. Providers will need to identify gaps and goals in order to establish increased positive partnerships with children's families and communities.

Early Childhood Environmental Rating Scale (ECERS-3)

Grantees will be evaluated using the ECERS-3 tool. The ECERS-3 is a widely used, comprehensive assessment tool measuring both environmental provisions and teacher/child interactions that affect the broad developmental needs of young children, including: cognitive, social-emotional, physical, and health and safety. The ECERS-3 includes additional items assessing developmentally appropriate literacy and math activities, which will be used to set goals to increase the quality of the classroom environment and teacher/child interactions.

Elements of High-Quality Gap Analysis

A gap analysis is an examination of performance to identify the differences between a program's current state of business and desired level of quality. The grantee and

program specialist will discuss the gaps identified in the application and classroom observation to set goals and timelines for building quality. Questions grantees should ask themselves are: Where are we now? What is high-quality? How are we going to close the gaps? With well-defined goals and steps towards reaching desired goals, grantees should have a clearer focus on how they will strive to close gaps. Program progress reports will be discussed quarterly. If the program specialist needs to work with providers on a more frequent basis, this will be coordinated with the grantee.

The use or disclosure by any party of any personally identifiable information concerning a recipient of services under this Agreement, for any purpose not directly connected with the administration of DWS's or GRANTEE'S responsibilities with respect to this Agreement is prohibited except as required or allowed by law. GRANTEE shall be responsible for any breach of this duty of confidentiality, including any required remedies or notifications under applicable law. GRANTEE shall indemnify, hold harmless, and defend DWS and the State of Utah, including anyone for whom DWS or the State of Utah is liable, from claims related to a breach of this duty of confidentiality, including any notification requirements, by GRANTEE or anyone for whom the GRANTEE is liable. This duty of confidentiality shall be ongoing and survive the termination or expiration of this Agreement.

Non-governmental entity GRANTEES shall provide Certificate(s) of Insurance, showing up-to-date coverage, to DWS within thirty (30) days of Agreement award. Failure to provide proof of insurance as required will be deemed a material breach of this Agreement. GRANTEE's failure to maintain required insurance for the term of this Agreement will be grounds for immediate termination. DWS reserves the right to require higher or lower insurance limits where warranted. The carrying of insurance required by this Agreement shall not be interpreted as relieving GRANTEE of any other responsibility or liability under this Agreement or any applicable law, statute, rule, regulation, or order.
- a. Commercial general liability (CGL) insurance from an insurance company authorized to do business in the State of Utah. The limits of the CGL insurance policy will be no less than one million dollars (\$1,000,000.00) per person per occurrence and three million dollars (\$3,000,000.00) aggregate per occurrence. Non-governmental entity GRANTEE must add the State of Utah, DWS as an additional insured with notice of cancellation.

The CAL insurance policy must cover bodily injury and property damage liability and be applicable to all vehicles used in the performance of Services under this Agreement whether owned, non-owned, leased, or hired. The minimum liability limit must be \$1 million per occurrence, combined single limit. The CAL insurance policy is required if Grantee will use a vehicle in the performance of this Agreement.  - c. If GRANTEE employs doctors, dentists, social workers, mental health therapists or other professionals to provide services under this Agreement, GRANTEE shall maintain a policy of professional liability insurance with a limit of not less than one million dollars (\$1,000,000) per occurrence and three million dollars (\$3,000,000) aggregate.  - d. Workers' compensation insurance for all employees and subcontractor employees. Workers' compensation insurance shall cover full liability under the workers' compensation laws of the jurisdiction in which the service is performed.
 - e. GRANTEE also agrees to maintain any other insurance policies required in the Agreement. Grantee shall add the State as an additional insured with notice of cancellation. Grantee shall submit certificates of insurance that meet the above requirements prior to performing any Services, and in no event any later than thirty days of the Agreement award. Failure to maintain required insurance or to provide proof of insurance as required is a material breach of this Agreement and may result in immediate termination.

Utah Admin. Code Rule R123-5, the *State of Utah Compliance Audit Guide* (SCAG). Further information on financial reporting and audit requirements is available at auditor.utah.gov.
40. **BILLINGS AND PAYMENTS:** Payments to GRANTEE will be made by DWS upon receipt of itemized billing for authorized service(s) supported by appropriate documentation and information contained in reimbursement forms supplied by DWS. Billings and claims must be received within thirty (30) days after the last date of service for the period billed including the final billing, which must be submitted within thirty (30) days after Agreement termination or payments may be delayed or denied. DWS must receive billing for services for the month of June no later than July 15th, due to DWS's fiscal year end. Billings submitted after this date may be denied. DWS will not allow claims for services furnished by GRANTEE which are not specifically authorized by this Agreement. DWS has the right to adjust or return any invoice reflecting incorrect pricing.
41. **PAYMENT WITHHOLDING:** GRANTEE agrees that the reporting and record keeping requirements specified in this Agreement are a material element of performance and that if, in the opinion of DWS, GRANTEE'S record keeping practices or reporting to DWS are not conducted in a timely and

satisfactory manner, DWS may withhold part or all payments under this or any other Agreement until such deficiencies have been remedied. In the event of the payment(s) being withheld, DWS agrees to notify GRANTEE of the deficiencies that must be corrected in order to bring about the release of withheld payment.

42. **OVERPAYMENT/AUDIT EXCEPTIONS/DISALLOWANCES:** GRANTEE agrees that if during or subsequent to GRANTEE’S CPA audit or DWS determines payments were incorrectly reported or paid, DWS may amend the Agreement and adjust the payments. To be eligible for reimbursement GRANTEE expenditures must be adequately documented. Upon written request GRANTEE will immediately refund to DWS any overpayments as determined by audit or DWS. GRANTEE further agrees that DWS shall have the right to withhold any or all subsequent payments under this or other Agreements with GRANTEE until recoupment of overpayment is made.
43. **UNUSED FUNDS:** Any funds paid by DWS that are not appropriately used as authorized by this Agreement must immediately be returned to DWS.
44. **REDUCTION OF FUNDS:** The maximum amount authorized by this Agreement shall be reduced or Agreement terminated if required by federal/state law, regulation, or action or if there is significant under-utilization of funds, provided GRANTEE shall be reimbursed for all services performed in accordance with this Agreement prior to date of reduction or termination. If funds are reduced, there will be a comparable reduction in the amount of services to be given by GRANTEE. DWS will give GRANTEE thirty (30) days’ notice of reduction.
45. **PRICE REDUCTION FOR INCORRECT PRICING DATA:** If any price, including profit or fee, negotiated in connection with this Agreement, or any cost reimbursable under this Agreement was increased by any significant sum because GRANTEE furnished cost or pricing data (e.g., salary schedules, reports of prior period costs) which was not accurate, complete and current, the price or cost shall be reduced accordingly. The Agreement may be modified in writing as necessary to reflect such reduction, and amounts overpaid shall be subjected to overpayment assessments. Any action DWS may take in reference to such price reduction shall be independent of, and not be prejudicial to, DWS’s right to terminate this Agreement.
46. **FINANCIAL/COST ACCOUNTING SYSTEM:** GRANTEE agrees to maintain a financial and cost accounting system in accordance with accounting principles generally accepted in the United States of America. An entity’s accounting basis determines when transactions and economic events are reflected in its financial statements. An entity may record its accounting transactions and events on a cash basis, accrual basis, or modified accrual basis; however the cash method of accounting is not appropriate for governmental entities. GRANTEE further agrees that all program expenditures and revenues shall be supported by reasonable documentation (e.g., vouchers, invoices, receipts), which shall be stored and filed in a systematic and consistent manner. GRANTEE further agrees to retain and make available to independent auditors, State and Federal auditors, and program and grant reviewers all accounting records and supporting documentation for a minimum of six (6) years after the final payment, or until all audits initiated within the six (6) years have been completed, whichever is later. GRANTEE further agrees that, to the extent it is unable to reasonably document the disposition of monies paid under this Agreement, it is subject to an assessment for over-payment.
47. **DWS COST PRINCIPLES FOR COST REIMBURSEMENT AGREEMENTS:**
 - a. Federal cost principles determine allowable costs in DWS grants. GRANTEE may locate the Federal Cost Principles applicable to its organization by searching the appropriate federal government websites.
 - b. Compliance with Federal Cost Principles: For GRANTEE’S convenience, DWS provides Table 1 below, “Cost Principles,” as a reference guide to the applicable cost principles. However, the information in this table is not exhaustive, and GRANTEE understands that it is obligated to seek independent legal or accounting advice. As shown in Table 1, “Cost Principles,” the principles applicable to a particular GRANTEE depend upon GRANTEE’S legal status.

- c. Compensation for Personal Services - Additional Cost Principles:
 In addition to the cost principles in the Federal circulars concerning compensation for personal services, the following cost principles also apply:
- i. The portion of time a person devotes to a program should be disclosed in the budget as a percent of 40 hours per week.
 - ii. Employees who are compensated from one or more grants, or from programmatic functions must maintain time reports, which reflect the distribution of their activities.
 - iii. If total work time exceeds 40 hours in a week and GRANTEE wants reimbursement for the time devoted to DWS programs over 40 hours, the following two conditions must be met: 1) a perpetual time record must be maintained and 2) prior written approval must be obtained from DWS's Finance-Contracting Division
 - iv. Compensation for Personal Expenses: DWS will not reimburse GRANTEE for personal expenses. For example, spouse travel when the travel costs of the spouse is unrelated to the business activity, telecommunications and cell phones for personal uses, undocumented car allowances, payments for both actual costs of meals and payments for per diem on the same day, and business lunches (not connected with training).
- d. Third-Party Reimbursement and Program Income: GRANTEE is required to pursue reimbursement from all other sources of funding available for services performed under this Agreement. Other sources of funding include, but are not limited to, third-party reimbursements and program income. In no instance shall any combination of other sources of funding and billings to DWS be greater than "necessary and reasonable costs to perform the services" as supported by audited financial records. Collections over and above audited costs shall be refunded to DWS.
48. **ADMINISTRATIVE EXPENDITURES:** DWS will reimburse administrative expenses as allowed by the budget terms of this agreement. GRANTEES with a federally approved Negotiated Indirect Cost Rate Agreement (NICRA) must provide DWS with a copy of their approval letter from the federal cognizant agency along with information on the base(s) used to distribute indirect costs.
49. **CHANGES IN BUDGET (Cost Reimbursement Grants Only):** The budget attached hereto shall be the basis for payment. GRANTEE may not make any adjustment in budgeted funds from Category III, "Program Expenses" to either Category I, "Indirect Expenses" or Category II, "Direct Administrative Expenses" or between Categories I and II, without prior written approval by DWS. Expenditures in excess of those budgeted in either Category I or II may be considered questioned costs. Resolution of such questioned costs will normally result in a request that such excesses be refunded to DWS. GRANTEE may, however, shift between either Category I or II to Category III with prior approval from DWS. Expenditures in excess of those budgeted in Category III will not normally result in questioned costs unless restrictions have been placed on subcategories within this major category. When the grant restricts expenditures within defined subcategories, any unapproved excess will be considered a questioned cost.
50. **NON-FEDERAL MATCH:** For those grants requiring a non-federal match, said match shall be:
- a. Expenses which are reasonable and necessary for proper and efficient accomplishment of the Agreement program objectives.
 - b. Allowable under applicable cost principles.
 - c. Not paid by the Federal Government under another award except where authorized by Federal statute.
 - d. In accordance with the appropriate Federal grant being matched.
 - e. Invoices submitted to DWS should detail the total cost of program expenditures and should distinguish between which expenditures are match and which are requested for reimbursement.
51. **WAIVER:** A waiver of any right, power, or privilege shall not be construed as a waiver of any subsequent right, power, or privilege. The State does not waive its sovereign or governmental immunity.
52. **NOTIFICATION TO THE INTERNAL REVENUE SERVICE:** It is DWS's policy to notify the Internal Revenue Service of any known violations of IRS regulations.
53. **ORDER OF PRECEDENCE:** In the event of any conflict in the terms and conditions in this Agreement, the order of precedence shall be: (i) this Attachment A; (ii) Agreement Signature

Page(s); and (iii) any other attachment listed on the Agreement Signature Page(s). Any provision attempting to limit the liability of GRANTEE or limit the rights of DWS or the State of Utah must be in writing and attached to this Agreement or it is rendered null and void.

54. **SURVIVAL OF TERMS:** Termination or expiration of this Agreement shall not extinguish or prejudice DWS's right to enforce this Agreement with respect to any default of this Agreement or of any of the following clauses: Governing Law and Venue, Laws and Regulations, Records Administration, Remedies, Indemnity, Intellectual Property, Indemnification Relating to Intellectual Property, Insurance, Public Information; Conflict of Terms; Confidentiality; and Publicity.
55. **SEVERABILITY:** The invalidity or unenforceability of any provision, term, or condition of this Agreement shall not affect the validity or enforceability of any other provision, term, or condition of this Agreement, which shall remain in full force and effect.
56. **ERRORS AND OMISSIONS:** GRANTEE shall not take advantage of any errors or omissions in this Agreement. GRANTEE must promptly notify DWS of any errors or omissions that are discovered.
57. **ENTIRE AGREEMENT:** This Agreement constitutes the entire agreement between the parties and supersedes any and all other prior and contemporaneous agreements and understandings between the parties, whether oral or written.
58. **PUBLIC CONTRACT BOYCOTT RESTRICTIONS:** In accordance with Utah Code 63G-27-102 and 63G-27-201, if applicable, GRANTEE certifies that it is not currently engaged in an "economic boycott" nor a "boycott of the State of Israel" as those terms are defined in that Code section. GRANTEE also agrees not to engage in either boycott for the duration of this Agreement. If GRANTEE does engage in such a boycott, it shall immediately provide written notification to DWS.

Category I: INDIRECT EXPENSES

This category is used if the organization has a federally approved Negotiated Indirect Cost Rate Agreement (NICRA) or chooses a de minimis rate.

- a. NICRA – If the organization has a federally approved rate, it must be used in Category I, unless the organization voluntarily chooses to waive indirect costs or charge less than the full indirect cost rate. A NICRA is established on a cost base(s).
 - In the detail information, list the organization’s NICRA and cost base(s).
 - To determine the amount, multiply the NICRA against the established cost base(s) line item amounts listed in Category III.

If an organization voluntarily chooses to waive indirect costs or charge less than the full indirect cost rate, please note this in the detail information area. Waving indirect costs or charging less will not influence awarding decisions.

- b. De minimis Rate - If the organization does not have a NICRA and would like to choose a de minimis rate, the organization must certify that they are making this choice. Once an organization chooses the de minimis rate, they **MUST** use this across all grants. The only way for an organization to stop using the de minimis rate once certified is to receive a NICRA. Please use caution when making this choice.

The de minimis rate can be charged at 10% of Modified Total Direct Costs (MTDC). MTDC is defined as being: All direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first \$25,000 of each subaward.

- In the Itemized Details of Grant Funds Requested column, indicate that de minimis has been chosen.
- To determine the amount, determine the MTDC from line items in Category III (see the budget narrative notes for the eligible Category III expenses).
- Multiply the MTDC by 10%. Enter this amount in Category I.

Category II: DIRECT ADMINISTRATIVE EXPENSES

This category is used if the organization does not have NICRA, does not choose a de minimis rate, or has administrative expenses that are not included in the cost base(s) of their NICRA. If the organization allocates administrative expenses with a cost allocation plan or other basis, those allocated costs should be included here. Any other direct administrative expenses should be listed as well.

- In the Itemized Details of Grant Funds Requested column, indicate how the cost was arrived at including all items that make up the costs.

Category III: DIRECT PROGRAM EXPENSES

This category is used for the direct program expenses. Costs should be reasonable, necessary, and allowable under the grant proposal and federal regulations.

- In the Itemized Details of Grant Funds Requested column, indicate how the cost was arrived at including all items that make up the costs.

Guidance on Creating “SMART” Outcome Statements

The Utah Education Policy Center (UEPC) offers this document to support the use of **SMART** goal language when writing outcome statements for Region 15 CC projects. SMART stands for: **S**pecific, **M**easurable, **A**ttainable, **R**elevant, and **T**ime-Based (see below). This document serves as a brief guide and resource for how to align expected capacity building outcome statements with SMART goal language. We hope this is a helpful resource to refer back to throughout the writing and editing process.

Specific	Measurable	Attainable	Relevant	Time-Bound
<ul style="list-style-type: none">•The outcome is direct, meaningful, and detailed	<ul style="list-style-type: none">•The outcome is quantifiable and/or specific enough to track progress or success	<ul style="list-style-type: none">•The outcome is realistic and there are the necessary tools and resources to achieve it	<ul style="list-style-type: none">•The outcome aligns with the overall project goal and problem of practice	<ul style="list-style-type: none">•The outcome has a target date or deadline

Below we provide additional guidance on writing SMART outcome statements using a sample outcome statement, with updated language for each component of a SMART goal.

We begin with a sample expected prevention outcome that has not been written using SMART language, and we demonstrate how we apply each of these five components to strengthen our writing:

“Students participating in the AQI program will develop positive interpersonal relationships.”

Specific:

In this outcome statement, we don’t know what “students participating” and “develop” mean because they are not specific. Let’s imagine that the problem is that students are struggling with positive relationships and are in need of skill development in this area. This outcome becomes more specific when reworded like this:

“Students participating in the AQI program will **show improvement in their skills** related to positive interpersonal relationships.”

Measurable: Although this outcome statement is now more specific, we don’t have a way to measure whether it was successfully achieved. One common way to measure whether outcomes are met is by identifying a target percentage.

“80% of students participating in the AQI program for 30 days or more will show an improvement in their skills related to positive interpersonal relationships.”

Attainable: It is important that outcomes can realistically be attained. Perhaps expecting students to perfect their interpersonal relationships skills right away is not realistic. However, maybe it would be reasonable to expect students to show incremental improvements in their skill development.

“80% of students participating in the AQI program for 30 days or more will report an improvement in their skills related to positive interpersonal relationships as measured through student pre- and post-surveys.”

Relevant: To ensure that an outcome statement is relevant, we recommend referring back to the needs assessment section of the prevention tool. Does the outcome statement align with the problem that was identified? Will the problem initially identified be solved (or at least addressed, in part) by achieving the outcome?

Time-Based: We recommend that every outcome start with the phrase “By [date]” so that it is clear when the goal must be accomplished. The target date should also be realistic, so it is helpful to consider the action steps and activities that need to occur, leading up to the outcome being achieved.

“By May 1, 2021, 80% of students participating in the AQI program for 30 days or more will report an improvement in their skills related to positive interpersonal relationships as measured through student pre- and post-surveys”
