I. GENERAL INFORMATION

Amount requested:

Does the city enact and enforce an ordinance that prohibits camping? Please provide an explanation for the municipality's policy on urban camping.

Has the city received funds from the Homeless Shelter Cities Mitigation Account in previous years? If yes, in what years? How was that funding used?

What alternative funding sources does the city leverage to provide the eligible program(s)?

Describe how the city measures the impact that the eligible shelter has on the adjacent communities and solicits feedback regarding mitigation program(s).

II. PROGRAM DESCRIPTION

Describe the program(s) to be funded. Include the following information if applicable:

- Short program description
- Number of existing FTEs funded
- Number of new FTEs added to program
- Equipment to be purchased
- Services provided

How do the proposed program(s) mitigate the impact of the location of the eligible shelter?

- How will the proposed program(s) affect the quality of client services at the eligible shelter?
- How will the proposed program(s) affect communities adjacent to the location of the eligible shelter?

What outcomes does the city intend to achieve during the contract period? How is success measured for the eligible program(s)?

How does the funded program(s) coordinate with local homeless systems (e.g., local homeless councils, continuum of care)?
