

Section 3 Resident Certification Form

This form has been designed to qualify currently employed Utah workers who work for projects which are receiving federal funds, or may receive federal funds, as section 3 residents. To see if you (or your employee) qualifies as a Section 3 Resident please answer the following questions:

Are you low income?

Y/N _____

To determine if you qualify as low income refer to the chart at:

<http://www.hud.gov/offices/cpd/affordablehousing/programs/home/limits/income/2013/ut.pdf>

Identify the county or city where you resident, then check along the “low income” row to see what income amount is listed for low income. If you make less than this number you qualify as low income. Additionally, if you qualified as low income within three years of the date at which you were first employed by your employer than you qualify as low income. Be sure to account for your family size.

(If you live in Utah or Juab County look under “Provo/Orem”. If you live in Cache County look under “Logan”. If you live in Washington County look under “St. George”. If you live in Salt Lake County look under “Salt Lake City”. If you live in Morgan or Davis County look at the figures provided for “Ogden/Clearfield”.)

Do you live in the county you work in?

Y/N _____

For the purposes of this question Juab and Utah Counties are considered the same county. For the purposes of this question Davis and Morgan Counties are considered the same county.

If you answered “yes” to both questions you are a Section 3 Resident. Please complete the remainder of this form to register with your employer.

I _____ am a legal resident of _____ (City or County)
and meet the income eligibility for a low or very low-income person as indicated above in the income link.

My address is: _____

Signature _____

Print Name _____

Date _____
