WHAT IS CSBG?

The Community Services Block Grant (CSBG) provides critical funding to Community Action Agencies (CAAs) to operate programs addressing the causes and conditions of poverty under three national goals:

Goal 1 - Individuals and families with low incomes are stable and achieve economic security.
Goal 2 - Communities where people with low incomes live are healthy and offer economic opportunity.
Goal 3 - People with low incomes are engaged and active in building opportunities in communities.

Utah Community Action Agencies are centrally located to serve their communities. For maximum impact, they partnered with:

- 163 non-profits
- 263 for-profits
- 102 faith based organizations
- 32 school districts

There were 419,517 hours of volunteer time donated to CAAs in Utah.

Responsible for FFY2018:

There were 9 CAAs, serving 68,356 people with low incomes who were living in 30,783 families.

CAAs served 23,251 people who lacked healthcare, 8,485 people who reported having a disability, 3,986 senior citizens, 26,488 children living in poverty, and 697 veterans.

Community Action Agencies leverage several other federal, state, local and other private funds.

For every $1 of CSBG, Utah’s CAAs leveraged $23.24 from federal, state, local and private sources, including the value of volunteer hours.

- $3,302,779 in CSBG funds were allocated in support of CAAs in Utah in FY18.
- Including all leveraged funds, Utah had $77,029,951 available to the CAA network to improve the lives of people with low incomes in FY18.

- 6 CAAs in Utah also operate the Low Income Home Energy Assistance Program (LIHEAP).
- 4 CAAs in Utah also operate the Weatherization Assistance Program (WAP).
- 3 CAAs in Utah also operate a Head Start Program.

*Value of Volunteer Hours calculated using federal minimum wage, except in those states with a higher minimum wage.
**Values may not equal total due to rounding

From the Utah FFY 2018 Community Services Block Grant
Community Action Agencies utilize CSBG funds to address specific local needs through services and programs that address one or more of the core domains in which we work: employment, education and cognitive development, income, infrastructure and asset building, housing, health and social/behavioral development, and civic engagement and community involvement.

**EMPLOYMENT**

683 outcomes were obtained in the employment domain. This includes outcomes such as obtaining and maintaining a job, increasing income, and obtaining benefits.

**EDUCATION**

16,092 outcomes were obtained in the education and cognitive development domain. This includes outcomes such as improved literacy skills, school readiness, and obtaining additional education and diplomas.

**HOUSING**

6,647 outcomes were obtained in the housing domain. This includes outcomes such as obtaining and maintaining housing, avoiding eviction or foreclosure, and reducing energy burden.

**INCOME**

3,953 outcomes were obtained in the income and asset building domain. This includes outcomes such as maintaining a budget, opening a savings account, increasing assets and net worth, and improving financial well-being.

**HEALTH**

3,244 outcomes were obtained in the health and social/behavioral development domain. This includes outcomes such as increasing nutrition skills, improving physical or mental health, and living independently.

**CIVIC ENGAGEMENT**

518 outcomes were obtained in the civic engagement and community involvement domain. This includes outcomes such as increasing leadership skills, and improving social networks.

This data is marked as preliminary until the release of the FFY18 CSBG Report to Congress. This publication was created by the National Association for State Community Services Programs in the performance of the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Community Services, Grant Number 90ET0468.
