The State Community Services Office has assembled the following monitoring guides and checklists in an effort to provide comprehensive procedures for monitoring agencies that are awarded subcontracts under the Community Services Block Grant program. These guides and checklists are a work-in-process. As new ideas and innovative techniques and procedures emerge, both through “hands-on” use by our Program Specialists and Fiscal monitoring staff, as well as the continual training and collaborating with others throughout the year, the guides and checklists are modified in an effort to make the monitoring process as efficient and effective as possible.

Section I
Monitoring Overview
FEDERAL REQUIREMENT

The CSBG Act of 1998 requires the State CSBG office to monitor designated local Community Action Agencies at least once every three years (42 USC Chapter 106, Sec 9914(a)).

STATE LEGISLATION

The State of Utah has designated the State Community Services Office as the lead agency to administer the Community Services Block Grant Program in Utah pursuant to Public Law Section 676B(a)(1).

DEFINITION OF MONITORING

The State Community Services Office (SCSO) defines monitoring as a comprehensive approach to ensuring compliance with Federal, State, Eligible Entity performance goals, administrative standards, financial requirements and Federal regulations governing the CSBG program, including reviewing, assessing, evaluating, and improving the quality and types of services provided by CSBG sub-recipients to low-income individuals and families.

GUIDING PRINCIPLES TO MONITORING

- **Mutual Respect** – In working with local boards, staff, and consultants, SCSO recognizes and will value the unique knowledge, ability, and independence of each person. We are committed to treating all persons fairly and maintaining credibility by matching actions with words.

- **Open Communication** – Effective communication is key in facilitating good working relationships amongst partners, and SCSO is committed to keeping lines of communication open. The purpose of our communications is to assist in developing solutions to problems, to share program improvement ideas, and to provide information on new developments in the anti-poverty field. We will communicate frequently through a variety of tools and media. SCSO is committed to listening to suggestions and concerns, to gaining an understanding of local operations, and to assisting local CAAs in pursuing their priorities.

- **Joint Problem Solving** – SCSO believes that a team approach to problem solving is in the best interest of all parties involved. Our office sincerely believes that collectively SCSO, the CAA, and our other community action partners can arrive at the best solution to any situation. Through a team approach to problem solving, we can come up with the best strategies for program development, conflict resolution, and compliance issues. SCSO wants to promote an environment in which our office and all our community action partners will be open to change and can work together in exploring options and developing mutually agreeable solutions. The goal is to have agencies function independently but with SCSO support in an effort to meet the needs of local communities within the parameters set by legislation.
MONITORING METHODOLOGY

The Program Specialist is the key contact person between SCSO and the CAAs. This individual performs ongoing monitoring through desktop reviews of the agency’s periodic requests for reimbursement and program performance reports. Any problem encountered by the CAA should be addressed with the Program Specialist.

In addition to the ongoing desktop reviews, the following tools, checklists, and guides are currently used by the State Community Services Office to monitor the financial, programmatic and administrative compliance of sub-recipients awarded funding under the Community Services Block Grant program. These guides and checklists were developed over a period of several months utilizing information from various resources, including a review of the monitoring tools used by several other states, organizational standards templates, and in partnership with CAP Utah.

INTRODUCTION TO CSBG MONITORING TOOLS

The CSBG Pre-Visit Questionnaire and Internal Control Questionnaire are sent or emailed out to the CAA at least three weeks in advance of an on-site visit. We have found this method to be quite effective as a representative from the CAA provides the information in advance, allowing the Program Specialist or Fiscal Auditor an opportunity to review the information before the actual on-site visit and customize the review planning process. An electronic version of these tools has been developed to facilitate the response of the CAA within the context of the documents.

The Monitoring Tool for Program Specialists is used for interim monitoring visits, and focuses on reporting, governance, client eligibility and program operations.

The CSBG organizational standards provide a standard foundation of organizational capacity for all CSBG Eligible Entities (CEEs) in Utah. The Federal Office of Community Services’ Information Memorandum (IM) 138 provides direction on establishing organizational standards by FY 2016 and includes the final wording of the standards developed by the OCS-funded organizational standards Center of Excellence (COE). The COE-developed organizational standards are comprehensive and were developed by and for the CSBG Network through the work of the CSBG Working Group. They work together to characterize an effective and healthy organization while reflecting the vision and values of Community Action and the requirements of the CSBG Act.
Section II

### 1.4 ORGANIZATION STANDARDS SECTION 5 BOARD GOVERNANCE

**Standard 5.1** The department’s tripartite board/advisory body is structured in compliance with the CSBG Act, by either:

1. Selecting the board members as follows: (a) At least one third are democratically elected representative of the low-income community; (b) one-third are local elected officials (or their representatives); and (c) the remaining members are from major groups and interests in the community; or
2. Selecting the board through another mechanism specified by the State to assure decision-making and participation by low-income individuals in the development, planning, implementation, and evaluation of programs.

- This standard is based on the CSBG Act and addresses the composition structure of the tripartite board/advisory body only.
- See the CSBG Act and IM 82 for comprehensive guidance.

**State Assessment of Organization:**

- Met-The CEE has met the requirements of the Standard as written.
- Not Met – The CEE has not met the requirements. *

*if this standard is not met the Corrective action is either a T/TAP or a QIP. See Monitoring Policies.

**Documents Used:**

- Board/advisory body minutes
- Board roster
- Bylaws
- Other

**Comments:**
Standard 5.2 The department’s tripartite board/advisory body either has:

1. Written procedures that document a democratic selection process for low-income board members adequate to assure that they are representative of the low-income community, or
2. Another mechanism specified by the State to assure decision-making and participation by low-income individuals in the development, planning, implementation, and evaluation of programs.
3. Please note under IM 82 for Public Entities the law also requires that a minimum of 1/3 of tripartite board membership be comprised of representatives of low-income individuals and families who reside in areas served.

- See the CSBG Act and IM 82 for comprehensive guidance.
- Examples of democratic selection procedures for low-income sector directors include: (1) election by ballots cast by the CEE’s clients and/or by other low-income people in the CEE’s service area (ballots could be cast, for example, at designated polling place(s) in the service area, at the CEE’s offices, or via the Internet); (2) vote at a community meeting of low-income people (the meeting could serve not simply to select low-income sector directors but also to address a topic of interest to low-income people); (3) designation of one or more community organization(s) composed predominantly of and representing low-income people in the service area (for example, a Head Start policy council, low-income housing tenant association, or the board of a community health center) to designate representative(s) to serve on the CEE’s board.

**Comments:**
**Standard 5.9** The department’s tripartite board/advisory body receives programmatic reports at each regular board/advisory meeting.

- This standard does not require a report on each program at every board meeting; however it does call for some level of programmatic reporting at every board meeting. The department determines their own process to report programs to the board. For example, some departments may cycle through their programs semi-annually, others may do so on a quarterly basis, and yet others may do a brief summary at every board meeting.
- Board minutes should reflect that programmatic reports have been received documentation.
- Programmatic reporting may be in writing (reports, dashboards) and/or verbal.

**State Assessment of Organization:**

- ☐ Met-The CEE has met the requirements of the Standard as written.
- ☐ Not Met – The CEE has not met the requirements.

**Documents Used:**

**Comments:**
### Standard 4.1
The tripartite board/advisory body has reviewed the department’s mission statement within the past 5 years and assured that:
1. The mission addresses poverty; and
2. The CSBG programs and services are in alignment with the mission.

- “Addresses poverty” does not require using the specific word poverty in the department’s mission.
- Language such as but not limited to: low-income, self-sufficiency, economic security, etc. is acceptable.
- It is the board that determines if the programs and services are in alignment with the mission.

This review and formal determination would be recorded in the board minutes.

- The Community Action plan is sometimes referred to as the CSBG Work plan.

#### State Assessment of Organization:
- ☐ Met—The CEE has met the requirements of the Standard as written.

#### Comments:
Standard 4.3 The department’s Community Action plan and strategic plan document the continuous use of the full Result Oriented Management and Accountability (ROMA) cycle or comparable system (assessment, planning, implementation, achievement of results, and evaluation). In addition, the department documents having used the services of a ROMA-certified trainer (or equivalent) to assist in implementation.

- While a ROMA trainer (or equivalent) must be involved, it is up to the department to determine the manner in which this individual is utilized. Examples include: involving the trainer in strategic planning meetings, consultation on implementation, etc.
- This includes involving a ROMA trainer (or equivalent) in the course of ROMA-cycle activities such as the community assessment, strategic planning, data and analysis, and does not need to be a separate activity.

State Assessment of Organization:

Comments:

Standard 4.4 The tripartite board/advisory body receives an annual update on the success of specific strategies included in the community action plan.

- The CSBG Act requires that boards be involved with assessment, planning, implementation, and evaluation of the programs: this standard supports meeting that requirement.
- This standard is met by an update being provided at a regular tripartite board/advisory body meeting, and documented in the minutes.
- The update provided to the tripartite board/advisory board may be written or verbal.
- The update provided to the tripartite board/advisory board should include specific strategies outlined in the Community Action plan and any progress made over the course of the last year, or by another period of time as determined by the board that is less than one year.

4.3 ORGANIZATION STANDARDS SECTION 9 DATA AND ANALYSIS

**Standard 9.1** The department has a system or systems in place to track and report client demographics and services customers receive.

- Some funders require their own systems be used; the department may or may not have a department-wide system in place. As long as all services and demographics are tracked, this standard would be met.
- The CSBG Information Survey data report already requires the reporting of client demographics. This standard does not require additional demographic data collection/reporting.

**State Assessment of Organization:**

☐ Met - The CEE has met the requirements of the Standard as written.
☐ Not Met – The CEE has not met the requirements.

**Documents Used:**

☐ CSBG Information Survey data report
☐ Data system documentation and/or direct observation
☐ Reports as used by staff, leadership, board or cognizant funder

**Comments:**
**Standard 9.2** The department has a system or systems in place to track family, agency, and/or community outcomes.

- Some funders require their own systems be used; the department may or may not have a department-wide system in place. As long as all outcomes are tracked, the standard would be met.
- This may or may not be the same system(s) as referenced in standard 9.1.

**Standard 9.3** The department has presented to the tripartite board/advisory body for review or action, at least within the past 12 months, an analysis of the agency’s outcomes and any operational or strategic program adjustments and improvements identified as necessary.

- This standard could be met through board or staff discussions, as long as the analysis and discussion are documented.
- It is important to note that a department is likely to have multiple programs with varying program years. This standard addresses an annual review of department outcomes. Departments are likely to make operational and strategic program adjustments throughout the year, making a single point in time analysis less effective than ongoing performance management.
- The department can meet this standard by having an annual board discussion of agency outcomes, multiple conversations over the course of the year or other process the department deems appropriate as long as these discussions are reflected in the minutes, with any operational or program adjustments or improvements being noted.
- The department is not required to make adjustments in order to meet the standard, only to have conducted an analysis.

**State Assessment of Organization:**
- ☐ Met - The CEE has met the requirements of the Standard as written.
- ☐ Not Met – The CEE has not met the requirements.

5.2 ORGANIZATIONAL STANDARDS SECTION 1 CONSUMER INPUT

**Standard 1.1** The department demonstrates low-income participation in its activities.

- The intent of this standard is to go beyond board membership; however, board participation may be counted toward meeting this standard if no other involvement is provided. The tripartite board is only one of many mechanisms through which CEEs engage people with low-incomes.
- Participation can include activities such as Head Start Policy Council, tenant or neighborhood councils, and volunteering, etc.
- Though not mandatory, many CEEs meet this standard by including advisory bodies to the board.

**State Assessment of Organization:**

☐ Met - The CEE has met the requirements of the Standard as written.
☐ Not Met – The CEE has not met the requirements*

*if this standard is not met the Corrective action is either a T/TAP or a QIP. See Monitoring Policies.

**Documents Used:**

| ☐ Advisory group documents | ☐ Advisory group minutes | ☐ Activity participation lists | ☐ Board/advisory body minutes |
| ☐ Board/advisory body pre-meeting materials/packet | ☐ Volunteer lists and documents | ☐ Other |

**Comments:**
### Standard 1.2

The department analyzes information collected directly from low-income individuals as part of the community assessment.

- This standard reflects the need for CEEs to talk directly with low-income individuals regarding the needs in the community.
- Analyzing the information can be met through review of the collected data by staff and/or board, including a review of collected data in the written community assessment, with notations of this review in the assessment’s appendix, committee minutes, etc.

#### State Assessment of Organization:

- **Met** - The CEE has met the requirements of the Standard as written.
- **Not Met** - The CEE has not met the requirements.

#### Documents Used:

### Standard 1.3

The department has a systematic approach for collecting, analyzing, and reporting customer satisfaction data to the tripartite board/advisory body, which may be met through broader local government processes.

- This standard does not imply that a specific satisfaction level needs to be achieved.
- Documentation is needed to demonstrate all three components in order to meet the standard: 1) collection, 2) analysis, and 3) reporting of data.
- A systematic approach may include, but not be limited to, surveys or other tools being distributed to customers annually, quarterly, or at the point of service (or on a schedule that works for the individuation CEE). Such collection may occur by program or agency-wide at a point in time.

#### State Assessment of Organization:

- **Met** - The CEE has met the requirements of the Standard as written.
- **Not Met** - The CEE has not met the requirements.

#### Documents Used:

Standard 2.1 The department has documented or demonstrated partnerships across the community, for specifically identified purposes; partnerships include other anti-poverty organizations in the area.

- Specifically identified purposes may include but are not limited to: shared projects; community collaborations/coalitions with an identified topic e.g. domestic violence, homelessness, teen pregnancy prevention, transportation task forces, community economic development projects, etc.; contractually coordinated services; etc.
- Partnerships are considered to be mutually beneficial arrangements wherein each entity contributes and/or receives: time, effort, expertise and/or resources.
- The IS Report already asks for a list of partners. The intent of this standard is not to have another list, but to have documentation that shows what these partnerships entail and/or achieve.
- These could be documented through MOUs, contracts, agreements, documented outcomes, coalition membership, etc.

State Assessment of Organization:

☐ Met - The CEE has met the requirements of the Standard as written.
☐ Not Met – The CEE has not met the requirements. *

*if this standard is not met the Corrective action is either a T/TAP or a QIP. See Monitoring Policies.

Documents Used:

☐ Partnership documentation: agreements, emails, MOU/MOAs
☐ Coalition membership lists
☐ Strategic plan update/report if it demonstrates partnerships
☐ Other

Comments:
**Standard 2.2** The department utilizes information gathered from key sectors of the community in assessing needs and resources, during the community assessment process or other times. These sectors would include at minimum: community-based organizations, faith-based organizations, private sector, public sector, and educational institutions.

- Documentation is needed to demonstrate that all five sectors have been engaged: community-based organizations, faith-based organizations, private sector, public sector, and educational institutions. There is no requirement for how many individual organizations the CEE must contact, or what data is collected.
- If one or more of these sectors are not present in the community or refuses to participate, then the CEE needs to demonstrate the gap or a good faith effort to engage the sector(s).
- Demonstrating that the department has “gathered” and “used” the information may be met in a variety of ways including, but not limited to: summarizing the data in the Community assessment or its appendices; documentation of phone calls, surveys interviews, focus groups in CEE files (hard copy or electronic); documentation in planning team minutes; summary reports on the data shared at board meetings or board committees; etc.

**State Assessment of Organization:**
- ☐ Met - The CEE has met the requirements of the Standard as written.
- ☐ Not Met – The CEE has not met the requirements.

**Documents Used:**

- ☐ Community assessment (including appendices)
- ☐ Board/committee or staff meeting minutes
- ☐ Backup documentation of involvement: surveys, interview documentation, community meeting minutes, etc
- ☐ Other

**Comments:**

---

**Standard 2.3** The department communicates its activities and its results to the community.

- This may be met through a CEEs annual report, Social Media activity, traditional news media, community outreach activities, etc.
- Community would be defined by the CEE but needs to include those outside of the staff and board of the CEE.

**State Assessment of Organization:**
- ☐ Met - The CEE has met the requirements of the Standard as written.
- ☐ Not Met – The CEE has not met the requirements.

**Documents Used:**

- ☐ Annual report
- ☐ Media files of stories published
- ☐ News release copies
- ☐ Community event information
- ☐ Website, Facebook Page, Twitter account, etc. (regularly updated)

**Comments:**
### Standard 2.4
The department documents the number of volunteers and hours mobilized in support of its activities

- There is no requirement to utilize volunteers, only to document their number and hours, if utilized.
- This information should already be collected as part of current National Performance Indicators.

- □ Not Met – The CEE has not met the requirements.

**Documents Used:**
- □ Board/advisory body minutes

### 5.4 ORGANIZATION STANDARDS SECTION 3 COMMUNITY ASSESSMENT

### Standard 3.1
The department conducted or was engaged in a community assessment and issued a report within the past 3 years, if no other report exists.

- The report may be electronic or print, and may be circulated as the CEE deems appropriate. This can include: websites, mail/email distribution, social media, press conference, etc.
- It may be helpful for CEEs to document the report release date such as April 2014 or December 2015.

**State Assessment of Organization:**

### 6.3 ORGANIZATION STANDARDS SECTION 7 HUMAN RESOURCE MANAGEMENT

**Standard 7.2** The department follows local governmental policies in making available the employee handbook (or personnel policies in cases without a handbook) to all staff and in notifying staff of any changes.

- Each local government will have its own process; department provides documentation of the local policies and is able to show compliance.
- The Handbook may be made available in electronic (such as an agency intranet, a location on a shared server, or distributed via email) or print formats.

**State Assessment of Organization:**

- Met-The CEE has met the requirements of the Standard as written.
- Not Met – The CEE has not met the requirements.

**Documents Used:**

- Accessible employee handbook/personnel policies
- Documentation and location and availability of handbook/policies
- Process for notifying staff of changes
- Other

**Comments:**
**Standard 7.3** The department has written job descriptions for all positions. Updates may be outside of the purview of the department.

- Each local government will have its own process; see local documentation.
- This references job descriptions for each type of position, not each staff person.

**State Assessment of Organization:**

☐ Met - The CEE has met the requirements of the Standard as written.
☐ Not Met – The CEE has not met the requirements.

**Standard 7.4** The department follows local government procedures for performance appraisal of the department head.

- Each local government will have its own process; department provides documentation of the local procedures and is able to show compliance.

**Comments:**
**Standard 7.5** The compensation of the department head is made available according to local government procedure.

- Each local government will have its own process; department provides documentation of the local procedures and is able to show compliance.

**State Assessment of Organization:**

☐ Met-The CEE has met the requirements of the Standard as written.
☐ Not Met – The CEE has not met the requirements.

**Documents Used:**

| □ Online link to publically available information | □ Policy regarding compensation disclosure/transparency | □ N/A-must document that disclosure is not allowed | □ Other |

**Comments:**

---

**Standard 7.6** The department follows local governmental policies for regular written evaluation of employees by their supervisors.

- Each local government will have its own process; department provides documentation of the local policies and is able to show compliance.
- The standard calls for a policy being in place.
- It is recognized that it is best practice to have annual reviews for every employee, but the standard is not intended to imply that 100% of employees must have an annual review. This caveat is noted given normal business conditions that may impact individual employees at any given time, e.g. timing of resignation/dismissal, FMLA leave, seasonal, etc.

**State Assessment of Organization:**

☐ Met-The CEE has met the requirements of the Standard as written.
☐ Not Met – The CEE has not met the requirements.

**Documents Used:**

| □ Evaluation policy | □ Documentation of fulfilling governmental policies | □ Other |

**Comments:**
**Standard 7.7** The department provides a copy of any existing local government whistleblower policy to members of the tripartite board/advisory body at the time of orientation.

- Each local government will have its own process; see local documentation.
- Many incorporate their whistleblower policy into their Personnel Policies or Employee Handbook. If incorporated in a larger document, there is no requirement that the whistleblower policy be pulled out separately.
- Some local governments include whistleblower policy within other ethics laws/policies
- This would be met through documentation of orientation.

**State Assessment of Organization:**
- ☐ Met-The CEE has met the requirements of the Standard as written.
- ☐ Not Met – The CEE has not met the requirements.

**Documents Used:**

**Comments:**

**Standard 7.8** The department follows local governmental policies for new employee orientation.

- Each local government will have its own process; department provides documentation of the local procedures and is able to show compliance.
- There are not curricula requirements for the orientation; it is up to the organization to determine the content. Some examples of content include time and effort reporting, ROMA, data collection, mission, history of Community Action, etc.
- If no policy exists, department should still do an orientation for new employees.
- This may be met through individual or group orientations, and documented in personnel files.

**State Assessment of Organization:**
- ☐ Met-The CEE has met the requirements of the Standard as written.
- ☐ Not Met – The CEE has not met the requirements.

**Standard 7.9** The department conducts or makes available staff development/training (including ROMA) on an ongoing basis.

- There are no specific requirements for training topics, with the exception of ROMA (or comparable system if one is used and approved by the State).
- This standard may be met through in-house, community-based, conference, online and other training modalities. Agencies may conduct their own training in-house, or may make online or outside training available to staff.
- This should be documented in personnel files.

**State Assessment of Organization:**

☐ Met—The CEE has met the requirements of the Standard as written.
☐ Not Met—The CEE has not met the requirements.

SECTION IV
CONCLUDING THE ON-SITE VISIT
THE EXIT CONFERENCE

The forgoing tools and checklists were designed to provide guidance for SCSO staff to conduct an overall comprehensive review of the CAA’s operations. Throughout both the programmatic and fiscal review process there should be ongoing, open communication with the CAA’s staff to facilitate clarification of facts and prevent misunderstandings, provide the reviewer with a full understanding of the CAA’s operations, and provide the CAA with a full understanding of the monitoring process.

SCSO staff should strive to ground their judgments in fact, based on what they hear, observe or read. SCSO reviewers should document relevant details of the agency’s activities and performance during the on-site visits, including taking notes while interviewing agency staff and during their attendance at the agency’s board meetings.

Preliminary areas of noncompliance should be summarized and discussed with CAA Executive Director and/or designated staff during the exit conference. Copies of specific documents, supporting schedules, and reports obtained during the site visit to facilitate preparation of the report should be discussed during the exit conference. The grantee is given the opportunity to provide comments and present additional information or explanation regarding a specific finding before it is included in the report.

THE REPORT

Monitoring and Standards results will be provided in the same format and report. Each deficiency and/or area of noncompliance will be identified by a topic line, and include a brief description of how the grantee is out of compliance with a program requirement or standard. A brief description will be provided for each deficiency. Each noted problem or deficiency should be presented in a logical manner, with reference to supporting evidence and without ambiguity of meaning or confusion of terminology. The specific program requirement, OMB Circular reference, or other regulation should be cited, along with a clear explanation as to why the evidence gathered leads the SCSO reviewer to conclude that the agency is not in compliance.

The report will include specific timelines for any required and agreed upon corrective action. Copies of the report will be provided to the agency’s Director and to the CAAs Governing Board.

Example of how findings are reported:

Subject: Board Members have not received ROMA training. 7/22/15.
Description: upon review of the governing board’s minutes the program specialist discovered that no board members have received ROMA training, the monitoring tool and organizational standards require that governing boards receive ROMA training.
Corrective Action Plan Type: CAPL
**Plan Description:** after reviewing this finding with the ABC agency, the Agency and the SCSO have decided that a CAPL will be in place until this standard is met. The target date for the CAPL to be complete is 10/15/2015. The outcome is, ROMA training by a ROMA trainer at the next board meeting.

**Date to be complete:** 10/15/2015  
**Date of follow up:** 10/17/2015  
**Responsible Party:** SCSO Program Specialist  
**Required Documentation:** Most Recent Board Minutes and training material

The SCSO Program Specialist who conducted the monitoring will submit a report back to the CAA within **14 business days** after the monitoring or assessment is complete and after review and approval from the SCSO Director. The CAA is required to respond in writing to each of the deficiencies and observations mentioned in the report, including a detailed plan for taking corrective action and or assistance that is needed. The CAA’s response is due within **14 business days** after receipt of SCSO’s monitoring report. The CAA’s plan for resolution and corrective action will be reviewed by SCSO staff to ensure that all deficiencies have been adequately addressed. Reporting timeline requirement, differ for QIP, see step (7) under the corrective action section (below).

The SCSO Staff will review the agency’s prescribed corrective action and will either approve or disapprove. If disapproved, the SCSO Staff and CAA Director will discuss and plan different and more appropriate corrective action and or training. The CAA is responsible for drafting the new corrective action plan(s) and submitting it to the State for final approval. After receiving the new plan the SCSO will respond with approval or changes if needed to the CAA within **seven business days**.
