

Utah Weatherization Assistance Program
Audit - Setup Library Change Log

Agency

Program Year

Manager/Coordinator

This record documents the effective dates of each setup library used by this Agency during the program year, and is a summary of changes made due to programmatic and price changes. Energy audits shall be run using the setup library which was effective on the earliest date the on-site audit was conducted. This record shall be kept current, and shall be included in the agency's Weatherization Operations Plan. The Agency is responsible to keep electronic copies of all Setup Libraries used.

Setup Library Change Log

Setup Library Name	Effective From	Effective Thru	Summary of Changes	Approval Signature

Notes:
