Deferral of Service Notification

Notification Date:
19 March 2021

Assessment Date:
17 March 2021

Another Client
4334 Energy St.
Consumption, UT 84343

Someone Landlord
777 Revenue Drive
Retirement, UT 844334

During the Energy Audit and Health & Safety Assessment iWap found a sewer drain pipe has been leaking in your crawlspace. (Image #1).

Reason for Deferral:

Standing sewer water in the crawl space creates a biological hazard and is an unsafe working condition for iWap staff. Since this is preventing the installation of Major Weatherization Measures work must be deferred.

This prevents the installation of the following measure: (* denotes a Major Measure)

- Duct insulation* (Image #2 Item a.)
- Water line insulation (Image #2 Item b.)
- Floor insulation* (Image #2 Item c.)
- Ground vapor barrier (Image #2 Item d.)

Conditions for Weatherization to Resume:

- Sewer pipe leak must be repair. (Image #1 Item a.)
- Standing sewage water in crawl space must be removed. (Image #1 Item b.)
- Any resulting biological waste must be removed from crawl space.
- Crawl space must be dry and free of mold or mildew.
- Debris must be removed. (Image #1 Item c.)

Time Limits:

30 Days from the Notification Date above.

If additional time is required extensions may be granted on a Case by Case basis. Please contact this office for more details.

Right to Appeal:

If you feel this Deferral is unwarranted you may appeal this decision. This may include an administrative hearing when applicable. It is iWap's desire to resolve all issues at the local level when possible. I would encourage you to please contact this office first. Likewise, we will be able to assist you in escalating your Appeal.

Potential Resources:

Listed below are programs that might be able to assist you in making your home weatherization ready. These programs have separate application and qualifications requirements. iWap would encourage you to use these resources if you find them beneficial.

Single Family Rehab Program	USDA Rural Development
Awesome AOG	Southern Utah Office
Fabuloso, UT, 84409	700 Remote Road
435-354-6738	Red Tape, UT 85000
	435-738-4358

Eligibility & Other Impacts:

At the time of this notification you currently meet eligibility requirements. There are 2 potential paths forward.

- A. If the Deferral issues are corrected within the Time Limits described above weatherization will resume as reasonably possible based upon our current production capacity.
- B. If the Deferral issues are not corrected within the Time Limits described above your file will be closed. If you choose, you may reapply to the program and will have to meet all eligibility requirements at that time.

Once the **Conditions for Weatherization to Resume** have been met please contact iWap to schedule a Verification Inspection at 435-752-4757.

Bob Turley
iWap Energy Auditor
