

Table 4
Child Care Income
Eligibility and Co-Payment

Table Effective: October 1, 2025

Families have a monthly co-payment that is subtracted from the amount of child care assistance (subsidy) a family qualifies for. The co-payment is determined based on (1) household size, (2) countable household income and (3) number of children in child care.

Families are responsible to pay their co-payment directly to their provider each month. Families may also have additional out of pocket expenses to pay depending on how much their provider charges for services.

Income Group 16 (for each household size) is the maximum income range to qualify for child care assistance. An eligibility worker will determine what income is countable.
