Election Method

(Applicable for Charter School, 501(c)(3) Non-Profit Organizations, Governmental and Tribal Units Only)

- What is the method your organization elects to file its unemployment report and payment?
 - A) Reimbursement of Unemployment Benefits Paid
The above organization elects to reimburse the Unemployment Insurance Fund an amount equal to the amount of regular benefits and one-half of the extended benefits paid that is attributable to service performed by former employees of the above organization. This election requires the filling of quarterly employment and wage reports.
 - B) Payment of Quarterly Contributions
The above organization elects to file quarterly reports and pay any contributions as required by Section 35A-4-302 of the Utah Employment Security Act. Tax Rate is determined by business activity described.

Note: This decision must be made by individual(s) with the authority to make a financial commitment for the organization.

Selection "A" of this option will require that your organization reimburse the Unemployment Insurance Fund for the actual amount of unemployment benefits paid to your former employees. You will receive a detailed billing each month showing the benefits paid to each individual for the prior month. The initial election of "Reimbursement of Unemployment Benefits Paid" will remain in effect for a minimum of one calendar year. If a change in election of method is desired, submit a written notice not later than 30 days prior to the beginning of the next calendar year. Subsequent elections remain in effect for a minimum of two calendar years. Section 35A-4-309 of the Utah Employment Security Act.

Selection "B" of this option will require that your organization submit a quarterly contribution (tax) report and pay a quarterly contribution to the Unemployment Insurance Fund. The contribution (tax) is calculated by multiplying the taxable wages paid during the quarter by the contribution rate. The rate is initially determined by using an existing rate, which prevails for employers in your general business classification. After a fiscal year of experience (July 1 – June 30), your rate for the next calendar year will be determined by the experience or history of benefits paid to your former employees and taxable wages from your organization for the same benefit period.

If your organization is determined to be subject to the Utah Employment Security Act, your organization will be required to submit a quarterly list of employees showing each individual's social security number, name, and quarterly gross earnings. This is regardless of the election for reimbursable or contributory coverage.

Non-Profit Employee Count Worksheet

(Applicable for 501(c)(3) Non-Profit Organizations Only)

- Non-Profit organizations: Use this worksheet to record the total number of employees nationwide employed per week in the appropriate year. Count each individual in employment who worked for some portion of a day in each week regardless of whether they were employed at the same moment of time. Volunteer workers are not to be included in the total count for each week.
