

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

This report documents progress made by the State of Utah at implementing the 2019-2024 Strategic Plan and the 2022 Action Plan for the Community Development Block Grant (CDBG) Program, HOME Investment Partnerships (HOME) Program, Housing Trust Fund (HTF), Emergency Solutions Grants (ESG) Program, and Housing Opportunities for Persons With AIDS (HOPWA) Program. Program Year 2022 extended from July 1, 2022 to June 30, 2023. During this time, the State of Utah supported communities across the state with funding to address housing, homelessness, public services, and infrastructure and public facilities.

During the 2022 program year, the State of Utah supported 19,515 people and households in communities across the state. Of these beneficiaries, 348 were supported through housing activities like rental assistance or new construction. Many more were provided support through social services related to housing.

As the state has been implementing the Strategic Plan, we have surpassed the expected outcome for several of our identified goals. At the conclusion of 2022, the Make Homelessness Rare, HOPWA assistance for person's with HIV/AIDS, CDBG Public Facility or infrastructure activities for LMI housing benefit, and CDBG Other Affordable Housing Rental Units Constructed are all over 100% complete.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Goal	Category	Source / Amount	Indicator	Unit of Measure	Expected – Strategic Plan	Actual – Strategic Plan	Percent Complete	Expected – Program Year	Actual – Program Year	Percent Complete

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

In PY22 HCD funded 1 project with HOME and HTF funds. This project included both HOME and HTF funding. No activities begun during PY22 have been completed or closed out in IDIS. Almost all HOME and HTF projects are not completed in the same year as they are funded, as most funded activities are large new construction multi-family projects that take a long time to build. HCD makes goals based on the anticipated accomplishments that will eventually occur in subsequent program years. These eventual accomplishments may be reflected in following years and show up as being accomplished in the strategic plan period. However, since we are reporting on the first year of the five year consolidated plan period and we cannot report on accomplishments realized on projects funded during the previous consolidated plan period, we have nothing to report at this time.

The Utah State Small Cities CDBG Program's Method of Distribution (MOD) is designed so that each of the seven regions Association of Governments (AOG) determines their own priorities that meet the state program's goal of "Increase Sustainability of Rural Utah". In PY22, each AOG received an annual allocation amount to be awarded to grantees based through the regional scoring criteria. Highest priority activities receive a higher score during the rating and ranking process. As in years past, most of the funding was targeted to infrastructure improvements, critical public facilities and single family housing rehabilitation. Four of the seven AOG's prioritize funding to address the substandard housing in their regions. Economic development activities have been eliminated as a viable priority in the Utah CDBG program due to the small allocation that Utah receives except for those eligible activities carried out by the AOGs. CDBG CV funding was distributed to AOGs using the same method, and the AOGs worked with area representatives to determine the most urgent need in their communities that follow HUDs guidelines of Prevent, Prepare and Respond to the COVID-19 pandemic. Evident from the table reflecting the CV activities, several hundred Utah small, for-profit organizations were assisted with rent, utilities and payroll costs, with a projected 90% success rate. Many infrastructure projects that were in the process of working on potable water supply was deeply affected by the pandemics effects on supply chain issues and long lead times were assisted with needed funding streams that increased the ability to complete the projects and maintain the safety and sanitary services, meeting the high demands of those community members required to stay indoors in an effort to mitigate the risk of spreading the disease. In addition,

the increased need for client services of providing meals to homebound community members, emergency rent/mortgage payments, as well as those in need of emergency food assistance, were met with programmatic transportation vehicles.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG	HOME	HOPWA	ESG	HTF
White	7,156	23	49	6,455	8
Black or African American	431	1	27	800	0
Asian	62	0	1	72	0
American Indian or American Native	277	2	1	555	0
Native Hawaiian or Other Pacific Islander	96	0	0	179	0
Total	8,022	26	78	8,061	8
Hispanic	1,463	1	9	2,022	0
Not Hispanic	8,895	26	69	6,428	8

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

The attached 2022 Race and Ethnicity Table provides additional detail for the 2022 race and ethnicity of beneficiaries served by the State of Utah CDBG, HOME, ESG, HOPWA, and HTF programs. The CDBG program collects race and ethnicity data for their programs to include several multi racial identities, and the attached table includes 962 people served with multiple race identities. ESG similarly includes many families served which are multi racial, with 393 persons documented in the attached table. In some circumstances, ESG clientel have refused to answer or indicated that they do not know how to document their race and ethnicity, which is likewise reflected in the attached table.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	6,105,034	5,712,699
HOME	public - federal	10,200,852	5,343,464
HOPWA	public - federal	325,472	318,478
ESG	public - federal	1,350,099	1,350,099
HTF	public - federal	6,391,979	4,406,361

Table 3 - Resources Made Available

Narrative

The HOME program expended \$5,343,463.67 in 2022 and generated \$1,957,781 in program income. The CDBG funds includes \$517,681.01 in CDBG-CV funding expended during the 2022 program year to support communities as they respond to the COVID-19 emergency. A state match of \$176,573.62 was also included in the amount expended.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description
Bear River Association of Governments (BRAG)	2	2	Other
Five County Association of Governments (FCOAG)	3	3	Other
Mountainland Association of Governments (MAG)	2	2	Other
Six County Association of Governments (SCAOG)	3	3	Other
Southeastern Utah Association of Local Governments (SEUALG)	2	2	Other
Uintah Basin Association of Governments (UBAG)	2	2	Other
Wasatch Front Regional Council (WFRC)	3	3	Other

Table 4 – Identify the geographic distribution and location of investments

Narrative

The CDBG program distributed a portion of their funds to the seven associations of governments (AOGs) as described in the geographic distribution table described below. The AOGs agree to a method of distribution which is approved by the CDBG policy committee. This distribution was applied in 2022 and the AOGs received a geographic distribution in the following amounts:

Bear River AOG: 767,681

Five County AOG: 946,402

Uintah Basin AOG: 708,604

Mountainland AOG: 633,542

Southeastern ALG: 855,440

Six County AOG: 881,885

Wasatch Front Regional Council: 1,038,484

No other programs include a geographic distribution of funds.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

The HOME and HTF programs use HUD allocations to fund multifamily housing developments. HCD also uses state funds to fund Multifamily Housing Projects. HOME and HTF funded multifamily rental developmental projects typically leverage at an average ratio of 17:1 using a variety of public and private resources, including State Low-Income Housing funds, municipal funds, the federal Low-Income Housing Tax Credit program, RDAs, USDA-RD, Private Activity Bonds, and other funding sources. The HOME Match requirement is met with funding to HOME-eligible multifamily rental projects through State Low-Income Housing funds. The projects supported with match funds will be added to this plan after the program year has been completed and HOME Match funds have been committed.

The ESG program matches one hundred percent of ESG funds with state funds.

The CDBG program does not have match requirements, however, 2022 applications received additional points in rating and ranking if other funds are contributed to the project. During initial application submission a “Commitment of Funds” letter is required for all other funds contributed to fund a project. Almost all of the projects funded with CDBG have a substantial amount of other funds committed. CDBG continues to serve a critical role as gap financing for critical projects throughout the non-entitlement areas of the state

Fiscal Year Summary – HOME Match	
1. Excess match from prior Federal fiscal year	4,809,118
2. Match contributed during current Federal fiscal year	272,254
3. Total match available for current Federal fiscal year (Line 1 plus Line 2)	5,081,372
4. Match liability for current Federal fiscal year	0
5. Excess match carried over to next Federal fiscal year (Line 3 minus Line 4)	5,081,372

Table 5 – Fiscal Year Summary - HOME Match Report

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	164
Number of Non-Homeless households to be provided affordable housing units	162	93
Number of Special-Needs households to be provided affordable housing units	0	91
Total	162	348

Table 11 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	244
Number of households supported through The Production of New Units	38	31
Number of households supported through Rehab of Existing Units	124	56
Number of households supported through Acquisition of Existing Units	0	17
Total	162	348

Table 12 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

Discuss how these outcomes will impact future annual action plans.

HCD will continue to make goals based on anticipated accomplishments. The CDBG, HTF, and HOME programs in particular will struggle to meet our goals due to accomplishments being delayed by long

construction schedules. HCD does not anticipate changing our future action plans based on the accomplishments reported in this plan.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual	HTF Actual
Extremely Low-income	2	19	17
Low-income	3,603	8	
Moderate-income	5,060	0	
Total	8,665	27	

Table 13 – Number of Households Served

Narrative Information

The CDBG Method of Distribution mandates that each of the seven Association of Governments (AOG’s) determine their project priorities on an annual basis. Most have chosen to make critical community infrastructure projects a priority for their region. All projects awarded with CDBG must benefit families, households or individuals who are at most 51% LMI. Several regions have made decent, affordable housing a high priority and operate Single Family Housing Rehabilitation programs where eligibility is determined by income and other factors. Most clients served should be very-low income. The amount of funding allocated to each Single Family Housing Rehab program varies by the needs of each region. Two of the AOG’s also offer Homebuyer Assistance programs for LMI homebuyers. CDBG State Staff and AOG Reps continue to work with housing authorities in rural Utah to acquire and/or rehab multi-family units to create more affordable housing stock. For CDBG-CV expenditures, many projects were identified as Low to Moderate Clientele, whose presumed LMI is 51% of AMI.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Office of Homeless Services funds street outreach, homeless prevention, rapid rehousing, and emergency shelters throughout the state. Progress toward the goal of making homelessness brief through better connections to unsheltered households is the result of an increased focus on street outreach with communities and an increased spotlight in the state on unsheltered homelessness as a whole.

The HOPWA steering committee is a group of HOPWA sponsor agencies and other organizations that specialize in serving individuals with HIV/AIDS. This steering committee coordinates how services are advertised to individuals who may be housing insecure and living with HIV/AIDS. This includes having project level information available at HIV/AIDS clinics, in homeless shelters, and within community areas that individuals seeking housing assistance are likely to go. The HOPWA steering committee also works with the Utah Lived Experience Board to learn how to best engage with those experiencing literal homelessness.

Addressing the emergency shelter and transitional housing needs of homeless persons

The State of Utah has had a large focus on providing emergency and transitional housing to individuals experiencing homelessness. Emergency Shelter currently represents 70% of the services money provided by the State to non-profit organizations. Increasing the supply of emergency shelter to match the need is a top priority of the recently updated State Strategic Plan to End Homelessness.

The State Annual Report on Homelessness that utilizes PIT and HIC data collected in January 2023 and highlights different system performance measures. This report shows the utilization rate for existing emergency shelter beds was 76% during the PIT and 80% for transitional housing. In the 2023 HIC, there were 2,945 emergency shelter beds available throughout the state, an increase of 7% from the previous year. This shows that shelter and transitional housing resources are being utilized in the communities in which they exist. These measures do not identify the gap between existing resources and actual shelter/transitional needs in each community. This gap is a focus of our state strategic plan, 'Statewide Collaboration for Change: Utah's Plan to Address Homelessness'.

The 2023 HIC also shows that there were 587 transitional beds for individuals experiencing homelessness were available in Utah. \$55mm in affordable housing funding through ARPA was allocated to projects that serve individuals experiencing homelessness, which includes transitional housing facilities.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The State of Utah has spent the last year working hard to increase statewide housing supply. The availability of affordable housing has a direct positive impact on the likelihood that someone will experience literal homelessness. Funding for HOPWA is closely coordinated with healthcare providers to ensure that qualifying individuals who are housing insecure can access funding before becoming homeless when possible. Additionally, all public housing authorities in Utah are aware of available HOPWA funding and are engaged annually to ensure individuals served in their programs that could qualify have access to the program.

All ESG funded agencies must participate in their CoCs adopted coordinated entry (CE) system. This CE approach prioritizes individuals who were previously in a permanent supportive site for a new project, ensuring those most vulnerable do not fall back into homelessness whenever possible. The CE system also provides housing supports to individuals with subsidies that are struggling to find suitable apartments. This reduces the length of time someone is looking for housing after they have secured the financial means to sustain it.

Additionally, State of Utah ESG rapid rehousing funds are awarded to agencies in an effort to facilitate moving households experiencing homelessness into permanent housing quickly and appropriately. Funded agencies report progress towards goals of reducing length of time homeless and exits to permanent destinations on a quarterly basis. This consistent reporting and reviewing progress helps projects shift services as needed to maintain effective programs.

In 2022, CDBG activities supported the construction of a behavioral health gym, ADA accessibility improvements, meals on wheels, senior transportation, and vehicle acquisition to support a Children's Justice Center in the state. These services provide assistance to seniors, children, and differently abled persons in communities throughout the State of Utah. Two completed HOME projects completed in the 2022 program year were specifically targeted to providing affordable housing to aging populations in the Ogden area.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The State of Utah breaks down each area of the State into individual regions that are tasked with addressing and ending homelessness in their communities. These groups are called Local Homelessness Councils (LHC). Each LHC meets on a regular basis to assess what resources are currently available and what opportunities for funding are upcoming. This results in better services that are tailored to the specific demographics of each area. Prevention efforts are a main focus of every LHC in the state, with recent Emergency Rental Assistance and ESG-CV funding highlighting the effective impact that this type of project can have. Assessing through data the direct impact any prevention funding has had on the specific subgroups identified above has been difficult. Through the Annual Report, we do know that individuals experiencing homelessness for the first time have been decreasing over the last three years. This indicates that existing prevention efforts as a whole may be effectively slowing the flow into the homeless response system. The State of Utah has contracted with a third party expert to begin integrating data from the criminal justice and medical services data systems to show direct impact on each of these systems in the very near future.

In the 2023 State of Utah Annual Report, different system performance measures are published showing the progress of the homeless response system statewide. The average length of time persons remained homeless in 2023 decreased from 74 days to 72 days. Utah also maintains a robust inventory of permanent supportive affordable housing units, with 3,057 operational in 2023. These two measures show the success of the affordable housing and emergency shelter focus that is highlighted in the 2023 State Strategic Plan to End Homelessness.

The 2023 Annual Report also lists the percentage of households that exit from a homeless service program to a permanent destination, but return to homelessness within three years of that date. This percentage increased from 28% in 2022 to 30% in 2023. Given the state of the overall housing market and the impact of rental assistance programs funded by ARPA ending. Although discouraging to see an increase in this measure, the State of Utah will continue to focus efforts towards rapid rehousing and permanent supportive housing programs to increase the stability of individuals exiting homelessness in the future. This will continue to be a focus for the upcoming year.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

The State of Utah CDBG program has historically funded cities and counties to pass through grants to rural housing authorities which administer public housing programs. In 2022 funding supported the Cedar City Housing Authority, the Beaver City Housing Authority, and the Tooele County Housing Authority.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

All public housing residents are given notice of the Housing Authority board meetings and are invited to attend. Most public housing authorities have resident meetings that are held as needed to discuss any issues. Aside from a CDBG funded homeownership assistance program administered by the Tooele County Housing Authority, we are unaware of any homeownership assistance programs being offered by the other housing authorities.

Actions taken to provide assistance to troubled PHAs

There are no troubled Public Housing authorities in Utah.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The State of Utah requires that certain municipalities and counties which meet or surpass a population threshold submit annually to the Housing and Community Development Division a report on moderate income housing. These communities are required to adopt a set of strategies and an implementation plan in the housing element of the general plan and each year will provide the division a report on their progress implementing the selected strategies. Compliance with the annual report requirements provides eligibility to be funded by the State Transportation Commission.

There are 24 strategies in state code which municipalities may choose from and 23 which counties may choose from. Several of the strategies focus on addressing land use controls, zoning, tax policies, construction fees and charges, or other policies which may be barriers to affordable housing construction.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The biggest obstacle to addressing underserved needs in 2022 was the lack of adequate funding. There is a huge shortage of affordable housing in Utah. This shortage is felt most acutely along the Wasatch Front where a majority of Utahans live. However, it also exists in rural communities. The lack of funding forces communities to assess their priorities as they look to the HUD program for projects that support the sustainability of rural Utah. Critical infrastructure projects; water, sewer, and public safety are typically a high priority.

CDBG funding primarily serves critical infrastructure projects that serve rural communities that have limited resources. AOG rating and ranking policies prioritize projects that serve higher LMI communities, those projects include: improving water and sewer systems, addressing fire department needs and in some cases supporting waste and water hook-ups for eligible LMI homeowners. CDBG is utilized for Meals on Wheels services, serving low income seniors.

The CDBG program has implemented policy efforts to address underserved needs by providing incentives in the applications to include matching funds for a project. Projects which include matching funds receive additional scoring points on the application. This policy was used in the 2022 program year.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

HCD complies with all HUD Lead Based Paint regulations when carrying out housing rehabilitation activities. Pre-1978 units are tested for LBP if the rehab activity involves disturbing painted surfaces. The CDBG single-family housing rehab programs are limited by the state's relatively small annual HUD

allocation. None of the units rehabbed with HUD funds required remediation. It is never the goal or expectation that the housing units rehabbed will be made “lead-free”, instead CDBG is used to remediate exposure. Other organizations, such as the Utah Lead Coalition, have been formed to increase blood lead testing, data gathering and community education.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The majority of CDBG activities carried out in 2021 were related to public infrastructure and facilities such as water and sewer systems, fire stations and senior centers. While these activities serve poverty-level families by providing improved community facilities and improved housing, they do not actually reduce the number of poverty-level families. “Brick and Mortar” projects continue to score higher in regional rating and ranking than public service projects. Section 3 information is collected for each contractor carrying out a CDBG activity. In 2021 none of the contractors were Section 3 business concerns.

By promoting affordable housing and the rapid rehousing of homeless households, HCD promotes stability and a footing for families to build the stability to earn enough to no longer be impoverished. Also case management and counseling is provided to assist households in this transition.

The small annual CDBG allocation combined with Utah’s Method of Distribution makes it difficult to fund programs designed to reduce the number of poverty level families. By statute, the state’s allocation is divided by seven regional organizations and these organizations have the authority and control over which projects will be funded. Since public service type projects are limited to 15% of the annual allocation, job training programs are uncommon. Instead, the priorities for 2022 continue to be public facilities, community infrastructure improvements and affordable housing. Single Family Housing Rehab programs throughout the state preserve the affordable housing stock in the rural areas and improve the housing conditions for poverty-level families, but do not reduce their numbers.

The creation of affordable housing relieves the housing burden on low-income households. By creating affordable housing through the HOME program and NHTF program HCD is allowing poverty level households a level of stability not otherwise possible.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

There have been no additional actions taken in the preceding program year to develop institutional structure in any of the CPD programs. The CDBG program includes a policy committee and the Associations of Governments to develop program policy and select projects. HOME and HTF are supported by the Olene Walker Housing Loan Fund program, which is overseen by a Board. ESG and HOPWA are supported by boards and councils which have only seen changes in board make up, not the structure or purpose of the board.

Actions taken to enhance coordination between public and private housing and social service

agencies. 91.220(k); 91.320(j)

The State ESG Program administering office coordinates with the Utah State Homelessness Coordinating Committee (SHCC). This decision making body is committed to ending homelessness in every area of the State. ESG funded agencies are required to coordinate with their local CoC, public housing authorities, private non-profits, and social service agencies to provide a cohesive coordinated entry system for those experiencing homelessness. The State's Olene Walker Housing Loan Fund also reaches out to both public, private, and social service agencies in its efforts. HCD works with cities, non-profits, and private developers and contractors in the course of completing its work.

The regional Association of Governments (AOG's) conduct the CDBG "How to Apply" workshops annually in the fall. The 10 housing authorities located in the non-entitlement areas are encouraged to apply for funding through eligible applicants (cities and counties).

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

Impediment to Fair Housing occurs primarily as a result of the individual actions of citizens, or the systematic result of policy. The State of Utah is active in training and education programs that aim to enlighten individuals and policy makers regarding the acts that are considered discriminatory and the policies which may result in impeding fair housing choice. As a state agency it is difficult to oversee local municipal policies. Due to the hold local governments have over local land use decision making, it is primary local leaders who can promote fair housing choice within their respective jurisdictions.

Nevertheless the State of Utah is an active participant in the Utah League of Cities and Towns, and has been involved in efforts to promote fair housing awareness and training. HCD also is active with the State Fair Housing Forum, and a donor to the Utah Apartment Association Annual Fair Housing Conference. HCD also provides numerous training regarding fair housing and promotes full adherence to fair housing regulations with all entities we partner with and fund.

State CDBG staff continue to educate housing providers receiving CDBG funding to ensure that they are in compliance with FHEO regulations. With limited funding and local funding decisions, actions are limited.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The State of Utah provided an opportunity for public comments on the 2022 CAPER, which was noticed on the Utah Public Notice Website utah.gov/pmn for each of the program's boards. The comment period opened on October 13, 2023 and ended on October 28, 2023.

No comments were received during the public comment period.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There were no changes to the State Small Cities CDBG program for PY 2022. CDBG-CV continued to be a focus requiring much staff time and energy to ensure alignment with regulations and requirements. The CV funding did support economic development activities, which is not a standard priority for the State Policy Committee. The action plan was amended to include this activity and goal, and feel it has been successful. The state continues to delegate the project selection process to the Association of Governments (AOGs). Each region consults with local governments to prepare their portion of the Annual Action Plan (AAP). This information is collected by the state and incorporated into the new AAP each year. Through these consultations and needs assessments, regional rating and ranking scoring criteria is updated to reflect any changes. The objectives continue to be addressing the critical infrastructure needs in the rural areas along with promoting affordable housing.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The State of Utah Olene Walker Housing Loan Fund administers and monitors the HOME program. In program year 2022, 145 properties were monitored by program staff, one property is currently working to become compliant. This property changed the use of their project without prior board approval and is working to remedy the error. All properties were monitored according to the schedule included in the attachments, which complies with 24 CFR 92.504(d). All projects planned to be monitored were monitored, as described in the monitoring schedule.

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

Projects with five or more assisted units are required to have an Affirmative Marketing Plan which complies with Fair Housing and Equal Opportunity requirements. Documentation is to be submitted to the Olene Walker Housing Loan Fund program prior to closeout. This policy can be found in the Olene Walker Housing Loan Fund Program Guidance documents and instructions are found in the program closeout instructions. All projects are currently in compliance with this requirement.

Refer to IDIS reports to describe the amount and use of program income for projects, including the number of projects and owner and tenant characteristics

HOME expended \$1,957,781 in program income during the 2022 program year, funding four projects. The funded projects produced 23 home assisted units. 20 persons were assisted through the program income, the majority being while persons at 17 benefitting. One beneficiary each identified as Black/African American, Native American, or Multi-Racial. All of these projects are for rental housing opportunities.

Describe other actions taken to foster and maintain affordable housing. 24 CFR 91.220(k) (STATES ONLY: Including the coordination of LIHTC with the development of affordable housing). 24 CFR 91.320(j)

HCD partners closely with Utah Housing Corporations which manages LIHTC in Utah. In PY22 HCD

funded 15 projects that have LIHTC in addition to HOME funding. Twelve projects received 9% LIHTC and three received 4% LIHTC to support the affordability of the project.

CR-55 - HOPWA 91.520(e)

Identify the number of individuals assisted and the types of assistance provided

Table for report on the one-year goals for the number of households provided housing through the use of HOPWA activities for: short-term rent, mortgage, and utility assistance payments to prevent homelessness of the individual or family; tenant-based rental assistance; and units provided in housing facilities developed, leased, or operated with HOPWA funds.

Number of Households Served Through:	One-year Goal	Actual
Short-term rent, mortgage, and utility assistance to prevent homelessness of the individual or family	21	10
Tenant-based rental assistance	20	37
Units provided in permanent housing facilities developed, leased, or operated with HOPWA funds	3	0
Units provided in transitional short-term housing facilities developed, leased, or operated with HOPWA funds	0	0

Table 14 – HOPWA Number of Households Served

Narrative

HOPWA funding provided by the State is a relatively small amount in comparison to other funding sources. The existing HOPWA programs performed well during the performance period, with specific performance of projects being monitored quarterly over the course of the year. The Statewide HOPWA Steering Committee met quarterly to review system performance and make recommendations for improvement. The HOPWA Steering Committee will focus on data coordination and increasing available funding in the coming year.

CR-56 - HTF 91.520(h)

Describe the extent to which the grantee complied with its approved HTF allocation plan and the requirements of 24 CFR part 93.

HCD has complied with our HUD approved HTF allocation Plan which meets the requirements found in 24 CFR part 93. Our allocation plan calls for the HTF funds to be used for the creation of extremely low income rental housing. This is an approved use of funds per 24 CFR part 93. So far all HTF funds have been used for this purpose. No projects funded in 2022 with HTF funds have been completed as of yet. However many projects have been funded in program year 2022 and will be completed in subsequent program years. No emergency transfers were requested in Program Year 2022.

Tenure Type	0 – 30% AMI	0% of 30+ to poverty line (when poverty line is higher than 30% AMI)	% of the higher of 30+ AMI or poverty line to 50% AMI	Total Occupied Units	Units Completed, Not Occupied	Total Completed Units
Rental	54	100	0	154	0	154
Homebuyer	0	0	0	0	0	0

Table 16 – Qualitative Efforts - Number of Activities by Program

Narrative

CDBG

All contracts over \$200,000 awarded to a grantee and sub-grantees for the completion of housing rehabilitation, housing construction and other public construction contain a Section 3 Construction Clause (provided by the state office). CDBG staff provide all general contractors and those overseeing a CDBG project with a Section 3 Business Concern form. This form must be signed and returned to the state office before any funds can be expended. Evidence that the Section 3 Construction Clause is also required to be included in all bid specifications before any contractor is cleared to begin work.

ESG and HOPWA

The State of Utah Office of Homeless Services prioritizes ESG funding for services that support emergency housing, shelter, street outreach, prevention, and case management projects. No funding was allocated or utilized during the previous program year for new construction or rehabilitation. No section 3 requirements were triggered as a result of ESG or HOPWA spending.

HOME and HTF

All projects that receive an award over \$200,000 for the new construction or rehabilitation of affordable housing projects receive notification of all Section 3 requirements, including detailed FAQ, state and federal policies and procedures, and descriptions of Section 3.

Project Outcomes

Project outcomes are required for all CAPERS where the program year start date is 1-1-2021 or later. This form replaces the narrative in CR-70 of the eCon Planning Suite.

From the Action Plan that covered ESG for this reporting period copy and paste or retype the information in Question 5 on screen AP-90: "Describe performance standards for evaluating ESG."

State ESG recipient coordinates with each DoL to develop performance standards that will provide a measure to evaluate each ESG service provider's effectiveness including how well the provider succeeded at 1) targeting those who need the assistance most, 2) reducing the number of people living on the streets or emergency shelters, 3) shortening the time people spend homeless, and 4) reducing each program participant's housing barriers or housing stability risks. OHS recognizes that performance measures will continue to evolve as we become more proficient in administering the program and better able to identify and address the underlying issues of homelessness.

Based on the information from the Action Plan response previously provided to HUD:

1. Briefly describe how you met the performance standards identified in A-90 this program year. *If they are not measurable as written type in N/A as the answer.*

The recipient targets its ESG funding to those most in need by focusing funding for projects that serve those who are already experiencing literal homelessness. These projects were able to reduce the amount of time people spent in literal homelessness by assisting over 700 people in funded emergency shelter and street outreach projects to obtain permanent housing. Funded rapid rehousing projects helped 170 individuals obtain housing during the year by reducing barriers to housing and the risk of housing instability through case management and rental assistance tailored to the needs of the households.

Additionally, our office developed a new state strategic plan titled, "Statewide Collaboration for Change: Utah's Plan to Address Homelessness". The new state strategic plan highlights a renewed focus on five goals that are also in alignment with ESG performance standards outlined in AP-90.

2. Briefly describe what you did not meet and why. *If they are not measurable as written type in N/A as the answer.*

N/A

OR

3. If your standards were not written as measurable, provide a sample of what you will change them to in the future? *If they were measurable and you answered above type in N/A as the answer.*

N/A

UGLG: CITY OF WASHINGTON TERRACE

Grant Year: 2018

Project: 0002 - CDBG - Public Infrastructure (2021)

Objective: Create suitable living environments

IDIS Activity: 4858 - City of Washington Terrace - Culinary Water
Activity to prevent, prepare for, and respond to Coronavirus: No

Outcome: Sustainability

Status: Open

Matrix Code: Water/Sewer Improvements (03J)

Location:

, -

National Objective: LMA

Initial Funding Date: 01/14/2022

Description:

Financing:

Funds are used to replace 54 water control valves that are not working properly.

Funded Amount: \$8.53

There are 45x 6" and 9x 10" valves that are replaced throughout the city to properly control the water system.

Net Drawn: \$8.53

Two Pressure Reducing Valve (PRV) stations will be replaced with new piping and updated components to ensure proper working internal controls to maintain the water pressure between zones.

Balance: \$0.00

Proposed Accomplishments:

People (General) : 9,187

Total Population in Service Area: 9,187

Census Tract Percent Low / Mod: 56.10

Actual Accomplishments:

Accomplishment Narrative

Year	# Benefiting
2021	

Project replaced 53 water control valves throughout the city that were not working properly. Two pressure reducing valves were replaced with new piping and up to date components to ensure proper working internal controls to maintain the water pressure between zones. This will help sustain the required water pressure for the residents and provide the fire flow demand throughout the system.

UGLG: WALLSBURG

Grant Year: 2019

Project: 0015 - CDBG - Infrastructure 2019

Objective: Create suitable living environments

IDIS Activity: 4264 - Wallsburg Town - Spring Transmission Lines & SCADA

Outcome: Sustainability

Activity to prevent, prepare for, and respond to Coronavirus: No

Status: Completed 07/08/2022

Matrix Code: Water/Sewer Improvements (03J)

Location:

, -

National Objective: LMA

Initial Funding Date: 02/18/2020

Description:

Financing:

Infrastructure improvements include the following: Replace the spring transmission line from the Wallsburg Spring to the Storage Reservoir with 3,500lf of 8" pipe.

Funded Amount: \$299,000.00

Replace outdated parts of the existing SCADA system.

Net Drawn: \$299,000.00

Balance: \$0.00

Outcome: Sustainability

Activity to prevent, prepare for, and respond to Coronavirus: No

Status: Open

Matrix Code: Parks, Recreational Facilities (03F)

Location:

, -

National Objective: LMA

Initial Funding Date: 03/03/2021

Financing:

Funded Amount: \$153,000.00

Net Drawn: \$153,000.00

Balance: \$0.00

Description:

Funds are used to construct a new restroom at the fairgrounds which are located at 100 East 100 South in Ferron, Utah.

The restroom will be placed south of the current metal recreational building.

The restroom facility will be 24' x 96'.

The women's restroom will have three toilet stalls and two showers.

The men's will have two toilet stalls, urinals, and two showers also.

Project will include a cement pad with the needed plumbing.

The building itself will be metal prefab.

2021

Project replaced 53 water control valves throughout the city that were not working properly. Two pressure reducing valves were replaced with new piping and up to date components to ensure proper working internal controls to maintain the water pressure between zones. This will help sustain the required water pressure for the residents and provide the fire flow demand throughout the system.

Accomplishment Narrative

Year # Benefiting
2019

(Funding provided to "Shelter-the-Homeless" helped support utility expenses for the Men's Resource Center. These expenses included water, gas and power usage. During the pandemic there was a significant increase in homeless individuals seeking shelter. The need grew exponentially as the pandemic continued which resulted in the increase utility expenses.

UGLG: MORGAN CITY

Grant Year: 2020

Project: 0039 - CDBG COVID - Public Facilities

Objective: Create suitable living environments

IDIS Activity: 4938 - Morgan City: Weber/Morgan County Health Department

Outcome: Availability/accessibility

Activity to prevent, prepare for, and respond to Coronavirus: Yes

Status: Open

Matrix Code: Health Facilities (03P)

Location:

, -

National Objective: URG

Initial Funding Date: 08/19/2022

Financing:

Funded Amount: \$462,300.00

Net Drawn: \$462,300.00

Balance: \$0.00

Description:

Reconstruct the basement of the city hall to be used by the WeberMorgan Health Department and Weber Health and Human Services departments to create a satellite location for clients in Morgan County.

Having this facility in Morgan County helps clients to receive medical consultations and treatments locally on a consistent basis especially during the time of a pandemic.

The basement is ADA compliant and has two access points in addition to the elevator.

This grant will provide designing, building, and furnishing for a reception area, waiting room, exam rooms, restrooms, and conferencetraining room.

The City will not charge rent to to WMHD or WHHS, nor will the area be utilized for local government needs or services.

The national objective is Urgent Need as determined by COVID declared emergency for both federal and state levels, and the city has determined to know of no other funding to help provide land, building, or office space to meet the needs of the community.

2021	

Project replaced 53 water control valves throughout the city that were not working properly. Two pressure reducing valves were replaced with new piping and up to date components to ensure proper working internal controls to maintain the water pressure between zones. This will help sustain the required water pressure for the residents and provide the fire flow demand throughout the system.

2021	

0 Bear River region's first time homebuyer assistance - 20 households received direct homeownership assistance funds and another two were assisted with homebuyer assistance funds using reconveyance funds held by Bear River AOG.

UGLG: WASHINGTON COUNTY

Grant Year: 2021

Project: 0002 - CDBG - Public Infrastructure (2021)

Objective: Create suitable living environments

IDIS Activity: 4894 - Washington County - Angell Springs Water System

Outcome: Sustainability

Activity to prevent, prepare for, and respond to Coronavirus: No

Status: Open

Matrix Code: Water/Sewer Improvements (03J)

Location:

, -

National Objective: LMA

Initial Funding Date: 04/22/2022

Financing:

Funded Amount: \$44,686.00

Net Drawn: \$33,392.41

Balance: \$11,293.59

Description:

Washington County is passing through grant funds to Angell Springs Special Service District (SSD) that are used to purchase and install equipment to make upgrades to the water system located in Silver Valley Estates. The project will not involve construction. Purchase and install of a portable diesel generator (Winco-W6010DJ-5160); purchase and install of a shed to house the generator, purchase and install of a chlorinator.

2021

Building a new 5000sf (50'x100') fire station for the Newcastle Fire Department located at 72 West Utah Hwy 56, Newcastle, UT 84756. Design includes two fire equipment bays that can house up to four fire vehicles and meeting/training room; with two restrooms, an office space, and a kitchen area -- all on the main floor. The unfinished area above the finished office/meeting space (50'x 50') will be used for storage.

UGLG: FILLMORE

Grant Year: 2021

Project: 0004 - CDBG - Public Facilities (2021)

Objective: Create suitable living environments

IDIS Activity: 4940 - Fillmore City - Fire Truck Purchase
Activity to prevent, prepare for, and respond to Coronavirus: No

Outcome: Availability/accessibility

Status: Open

Matrix Code: Fire Station/Equipment (030)

Location:
, -

National Objective: LMA

Initial Funding Date: 08/30/2022

Description:

Financing:

Purchase of new fire truck.

Funded Amount: \$114,432.00

Stored at the Fillmore City Firehouse, 25 East 100 South, Fillmore, UT.

Net Drawn: \$114,432.00

Balance: \$0.00

UGLG: TOOELE COUNTY

Grant Year: 2021

Project: 0002 - CDBG - Public Infrastructure (2021)

Objective: Create suitable living environments

IDIS Activity: 4941 - Tooele County - Terra Community Road Improvements

Outcome: Sustainability

Activity to prevent, prepare for, and respond to Coronavirus: No

Status: Open

Matrix Code: Street Improvements (03K)

Location:

, -

National Objective: LMA

Initial Funding Date: 08/30/2022

Financing:

Funded Amount: \$250,000.00

Net Drawn: \$191,782.00

Balance: \$58,218.00

Description:

Installing 3" of PG64-28 asphalt on the existing residential dirt roads. The roads provide all weatherall season access for emergency vehicles as well as public and private services such as school buses, garbage trucks and package deliveries.

The roads are 20ft wide and the project is 1.5 miles long (7290 ft). The project also requires the installation of 5 culverts for water runoff and erosion control.

The affected roads are Sunset Lane, Terra Park Street, Valley View St, Park St, Mountain View St, East Center St, and First St.

National Objective: LMC

Initial Funding Date: 12/13/2022

Financing:

Funded Amount: \$200,000.00

Net Drawn: \$159,579.00

Balance: \$40,421.00

Description:

Purchase of materials and construction expansion of kitchen area to accommodate a bigger size walk-in freezer and refrigerator and provide for a storage area that are all on one level.

Currently the walk-in freezer is accessed by a set of narrow steps.

With the construction, the floor level of the kitchen will be raised so that transition is not a tripping hazard.

The power system will be upgraded to accommodate new equipment to be installed.

A roof patch for condensers on the roof above the kitchen is included in the project.

A walk-in refrigerator and freezer will be constructed utilizing purchased materials and equipment.

Project: 0005 - CDBG - Administration & Planning

Objective: Create suitable living environments

IDIS Activity: 4976 - Southeastern Utah ALG: Community Development

Outcome: Sustainability

Activity to prevent, prepare for, and respond to Coronavirus: No

Status: Open

Matrix Code: State Planning ONLY (20A)

Location:

National Objective: LMA

Initial Funding Date: 12/21/2022

Description:

Financing:

Provide direct assistance to cities in the region during the program year by developing and revising data for their Moderate-Income Housing Plans, if applicable, and Housing Plan Annual Reviews.

Funded Amount: \$50,000.00

Net Drawn: \$11,745.46

Balance: \$38,254.54

Reach out to provide direct planning assistance and services to citiestowns within the region who have limited paid planning professional staff, focusing on pre-approved LMII list.

Proposed Accomplishments:

Produce GIS analysis and maps as requested for local towns with limited professional planning staff.

People (General) : 1,500

Total Population in Service Area: 1,500

Census Tract Percent Low / Mod: 51.00

Produce maps for projects such as the Consolidated Plan, Affordable Housing Plans, General Plans, and implementation ordinances (zoning maps, etc.).

Actual Accomplishments:

SEUALG staff will conduct Citizen Planner training in one-on-one or group sessions for City Council members, Planning Commissioners, CityTown staff, and Boards of Adjustment.

Citizen Planners training will include Capital Improvement Planning trainings as well as any other needed community training, based on individual community needs.

 As of 08/21/2023
 Grant Number B21DC490001

19)	Program Income	
20)	Returned to the state and redistributed	
20 a)	Section 108 program income expended for the Section 108 repayment	
21)	Adjustment to compute total redistributed	\$0.00
22)	Total redistributed (sum of lines 20 and 21)	\$0.00
23)	Returned to the state and not yet redistributed	\$0.00
23 a)	Section 108 program income not yet disbursed	\$0.00
24)	Adjustment to compute total not yet redistributed	\$0.00
25)	Total not yet redistributed (sum of lines 23 and 24)	\$0.00
26)	Retained by recipients	\$0.00
27)	Adjustment to compute total retained	\$0.00
28)	Total retained (sum of lines 26 and 27)	\$0.00

C. Expenditures of State CDBG Resources

29)	Drawn for State Administration	\$165,813.26
30)	Adjustment to amount drawn for State Administration	\$0.00
31)	Total drawn for State Administration	\$165,813.26
32)	Drawn for Technical Assistance	\$0.00
33)	Adjustment to amount drawn for Technical Assistance	\$0.00
34)	Total drawn for Technical Assistance	\$0.00
35)	Drawn for Section 108 Repayments	\$0.00
36)	Adjustment to amount drawn for Section 108 Repayments	\$0.00
37)	Total drawn for Section 108 Repayments	\$0.00
38)	Drawn for all other activities	\$4,484,624.58
39)	Adjustment to amount drawn for all other activities	\$0.00
40)	Total drawn for all other activities	\$4,484,624.58

D. Compliance with Public Service (PS) Cap		
41)	Disbursed in IDIS for PS	\$188,125.00
42)	Adjustment to compute total disbursed for PS	\$0.00
43)	Total disbursed for PS (sum of lines 41 and 42)	\$188,125.00
44)	Amount subject to PS cap	
45)	State Allocation (line 1)	\$5,825,398.00
46)	Program Income Received (line 5)	\$0.00
47)	Adjustment to compute total subject to PS cap	\$0.00
48)	Total subject to PS cap (sum of lines 45-47)	\$5,825,398.00
49)	Percent of funds disbursed to date for PS (line 43 / line 48)	3.23%
E. Compliance with Planning and Administration (P/A) Cap		
50)	Disbursed in IDIS for P/A from all fund types - Combined	\$603,702.03
51)	Adjustment to compute total disbursed for P/A	\$0.00
52)	Total disbursed for P/A (sum of lines 50 and 51)	\$603,702.03
53)	Amount subject to Combined Expenditure P/A cap	
54)	State Allocation (line 1)	\$5,825,398.00
55)	Program Income Received (line 5)	\$0.00
56)	Adjustment to compute total subject to P/A cap	\$0.00
57)	Total subject to P/A cap (sum of lines 54-56)	\$5,825,398.00
58)	Percent of funds disbursed to date for P/A (line 52 / line 57) Combined Cap	10.36%
59)	Disbursed in IDIS for P/A from Annual Grant Only	\$603,702.03
60)	Amount subject the Annual Grant P/A cap	
61)	State Allocation	\$5,825,398.00
62)	Percent of funds disbursed to date for P/A (line 59 / line 61) Annual Grant Cap	10.36%

Part II: Compliance with Overall Low and Moderate Income Benefit

63) Period specified for benefit: grant years 2021 - 2021

64) Final PER for compliance with the overall benefit test: [**No**]

	Grant Year	2021	2022	Total
65) Benefit LMI persons and households (1)		3,874,419.80	1,778,543.80	5,652,963.60
66) Benefit LMI, 108 activities		0.00	0.00	0.00
67) Benefit LMI, other adjustments		0.00	0.00	0.00
68) Total, Benefit LMI (sum of lines 65-67)		3,874,419.80	1,778,543.80	5,652,963.60
69) Prevent/Eliminate Slum/Blight		0.00	0.00	0.00
70) Prevent Slum/Blight, 108 activities		0.00	0.00	0.00
71) Total, Prevent Slum/Blight (sum of lines 69 and 70)		0.00	0.00	0.00
72) Meet Urgent Community Development Needs		172,316.01	0.00	172,316.01
73) Meet Urgent Needs, 108 activities		0.00	0.00	0.00
74) Total, Meet Urgent Needs (sum of lines 72 and 73)		172,316.01	0.00	172,316.01
75) Acquisition, New Construction, Rehab/Special Areas noncountable		0.00	0.00	0.00
76) Total disbursements subject to overall LMI benefit (sum of lines 68, 71, 74, and 75)		4,046,735.81	1,778,543.80	5,825,279.61
77) Low and moderate income benefit (line 68 / line 76)		0.96	1.00	0.97
78) Other Disbursements		1.00	1.00	2.00
79) State Administration		165,813.26	0.00	165,813.26

D. Compliance with Public Service (PS) Cap		
41)	Disbursed in IDIS for PS	\$318,848.00
42)	Adjustment to compute total disbursed for PS	\$0.00
43)	Total disbursed for PS (sum of lines 41 and 42)	\$318,848.00
44)	Amount subject to PS cap	
45)	State Allocation (line 1)	\$5,273,958.00
46)	Program Income Received (line 5)	\$0.00
47)	Adjustment to compute total subject to PS cap	\$0.00
48)	Total subject to PS cap (sum of lines 45-47)	\$5,273,958.00
49)	Percent of funds disbursed to date for PS (line 43 / line 48)	6.05%
E. Compliance with Planning and Administration (P/A) Cap		
50)	Disbursed in IDIS for P/A from all fund types - Combined	\$664,743.48
51)	Adjustment to compute total disbursed for P/A	\$0.00
52)	Total disbursed for P/A (sum of lines 50 and 51)	\$664,743.48
53)	Amount subject to Combined Expenditure P/A cap	
54)	State Allocation (line 1)	\$5,273,958.00
55)	Program Income Received (line 5)	\$0.00
56)	Adjustment to compute total subject to P/A cap	\$0.00
57)	Total subject to P/A cap (sum of lines 54-56)	\$5,273,958.00
58)	Percent of funds disbursed to date for P/A (line 52 / line 57) Combined Cap	12.60%
59)	Disbursed in IDIS for P/A from Annual Grant Only	\$664,743.48
60)	Amount subject the Annual Grant P/A cap	
61)	State Allocation	\$5,273,958.00
62)	Percent of funds disbursed to date for P/A (line 59 / line 61) Annual Grant Cap	12.60%

Part II: Compliance with Overall Low and Moderate Income Benefit

63) Period specified for benefit: grant years 2018 - 2018

64) Final PER for compliance with the overall benefit test: [**Yes**]

	Grant Year	2018	2019	Total
65) Benefit LMI persons and households (1)		4,609,214.52	4,649,771.05	9,258,985.57

U.S. Department of Housing and Urban Development
 Office of Community Planning and Development
 Integrated Disbursement and Information System
 State of Utah
 Performance and Evaluation Report
 For Grant Year 2015
 As of 08/21/2023
 Grant Number B15DC490001

D. Compliance with Public Service (PS) Cap		
41)	Disbursed in IDIS for PS	\$126,904.00
42)	Adjustment to compute total disbursed for PS	\$0.00
43)	Total disbursed for PS (sum of lines 41 and 42)	\$126,904.00
44)	Amount subject to PS cap	
45)	State Allocation (line 1)	\$4,472,159.00
46)	Program Income Received (line 5)	\$0.00
47)	Adjustment to compute total subject to PS cap	\$0.00
48)	Total subject to PS cap (sum of lines 45-47)	\$4,472,159.00
49)	Percent of funds disbursed to date for PS (line 43 / line 48)	2.84%
E. Compliance with Planning and Administration (P/A) Cap		
50)	Disbursed in IDIS for P/A from all fund types - Combined	\$622,921.52
51)	Adjustment to compute total disbursed for P/A	\$0.00
52)	Total disbursed for P/A (sum of lines 50 and 51)	\$622,921.52
53)	Amount subject to Combined Expenditure P/A cap	
54)	State Allocation (line 1)	\$4,472,159.00
55)	Program Income Received (line 5)	\$0.00
56)	Adjustment to compute total subject to P/A cap	\$0.00
57)	Total subject to P/A cap (sum of lines 54-56)	\$4,472,159.00
58)	Percent of funds disbursed to date for P/A (line 52 / line 57) Combined Cap	13.93%
59)	Disbursed in IDIS for P/A from Annual Grant Only	\$622,921.52
60)	Amount subject the Annual Grant P/A cap	
61)	State Allocation	\$4,472,159.00
62)	Percent of funds disbursed to date for P/A (line 59 / line 61) Annual Grant Cap	13.93%

Part II: Compliance with Overall Low and Moderate Income Benefit

- 63) Period specified for benefit: grant years 2015 - 2015
 64) Final PER for compliance with the overall benefit test: [**Yes**]

	Grant Year	2015	2016	Total
65) Benefit LMI persons and households (1)		3,717,359.48	3,864,244.00	7,581,603.48
