Department of Workforce Services
DWS PROVIDER ATTENDANCE CERTIFICATION

I attest that as the business owner or representative authorized to manage the portal account information for this facility that I have reviewed the details for each case and reported known, required changes, including:

- I have reported each child who attended for less than eight hours in the first month a subsidy was paid by Workforce Services (DWS). I indicated whether or not the child is expected to attend next month.
- No later than the 25th of the month, I have reported or will report each child who has not attended a full eight hours, and I have been unable to verify if the child is returning to care.
- For all other families, I have reported each child who attended for less than eight hours in the current month and the date I was notified by the parent of the change.
- I have reported each child who is not expected to attend at least eight hours next month and the date the child last attended or will attend.
- I have reported when I, or the child care facility, ended care for a child and sent an email to occ@utah.gov explaining why care was ended.
- I have reported any DWS credits to apply to the following month if I charged less than the subsidy received for one month and the child is still attending.
- I have reported any lower negotiated rates I have for individual children. Changes reported by the 25th of the current month are made effective the following month.

All known changes at the time certification is completed must be reported at that time. I understand I can be penalized by law if I commit perjury by purposely giving false information, concealing or withholding relevant facts or information, or failing to accurately report changes.
